

## Abiders

### Adult Learning is Active Learning

Abiders introduces you to a world of learning that aims to appreciate what you have to offer and helps you learn through interactive, intuitive and deep thinking. Whilst self-study is good we believe assisted cooperative learning is better. The teacher pupil style is not productive for adults and Abiders introduces learning within a group of at least two disciples who will help each other put into practice what they can learn and teach together.

### Abiders Vision

Abiders is providing a free online facility to allow you, you and your friends, or your church to embark on an adventure to implement the teachings of Jesus through John 15 and Matthew 28. We believe that abiding in Jesus and meditating on Him abiding in us will provide the correct biblical framework for bearing fruit.

We aim to provide you with fresh ways of thinking and living that provide two types of fruit:

- The fruit of the spirit as evidence of our growing in the character of Jesus
- The fruit of engaging in Jesus' business of the great commission out of friendship not service.

### What we offer

- An online academy for learning
- A focus on teaching to obey
- A set of tools for monitoring and planning progress as an individual, a group or as a church
- Strategies for local churches to grow together in the outworking of the great commission

## What do I do to participate?

Once you have signed up as an individual, group or church then we will guide you through a number of online lessons enabling you to become an Abider Friend. You will then be able to continue using the academy to record progress – deal with accountability and challenge in a safe and trusted environment as you continue to be less like your old self and more and more like Christ.

## What does it cost?

It is all currently free !
