

Get started with video visits

Video Visits are a secure and convenient way to get care from your healthcare team. Follow these easy steps to get started with Video Visits.

Before you begin or schedule your Video Visit, make sure you have:

- An Apple running iOS 11 or higher or Android running Android 7 or higher smartphone (preferred) or laptop or desktop computer with a webcam, speakers and a microphone. Please see the recommended device list at the end of this document.
- High-speed internet access, Wi-Fi or strong 4G.

Set up your accounts and apps before your Video Visit

1. Sign up for a MyHillChart account. You can sign up at MyHillChart.com and click Sign Up Now or through the MyChart mobile app. If you use a mobile device **download the MyChart app**, select "Hill Physicians" as the organization and use **click Sign Up Now**.

2. Download VidyoConnect. This applies to all appointments on or after May 28, 2020

- Mobile users, visit <https://hpmg.health.vidyoconnect.com> and **click Download**.
- Desktop or laptop users, visit <https://hpmg.health.vidyoconnect.com> and **click Download**.

Follow the prompts to complete installation. This application will be used by MyHillChart for your Video Visit.

Please contact our MyHillChart support team at (888) 965-8588 if you need technical assistance.

Connect on the the day of your Video Visit

Mobile devices users

1. Log into the MyChart app
2. Click on **Appointments** under activities, and then select your scheduled Video Visit.
