Mobile Mechanic Services

What does a Service mean?

A service, to our company, means an oil change and maintenance to your machine. Here is a breakdown of what you can expect.

Pricing is machine dependent

250 Hr. Service: “Standard” oil change includes:

Engine oil and filter change, fuel filters, air filters (if required), lubrication of the boom on applicable units, machine pivot points greased, cleaning the radiator of debris if required and a general check over.

500 hr. Service:

Includes: Same as a 250 hr service PLUS replacement of Hydraulic filters, transmission filters, differential and final drive oils.

1000 hr. Service:

Includes: Same as a 500 hr. service PLUS replacement of transmission and transfer case oils.

\$250.00 storage charge will be applied to any equipment left in our yard for more than 14 days of completed servicing or repairs.

- We will be happy to estimate your service need upon request *
