Kawasaki Kisen Kaisha, Ltd.

Restructures of Safety and Quality Control Organization

~Challenge to establish an optimal organization for diversifying needs~

Based on the 2022 medium-term management plan, with the aim of providing high-quality and trusted ship management services and establish a customer-oriented support organization rooted in the region, and flexibly respond to diversifying needs, Kawasaki Kisen Kaisha, Ltd. (“K” LINE) will strengthen our global functional strategy structures of marine technology organizations, human resources including ship management companies

1. Establishment of K MARINE SHIP MANAGEMENT PTE. LTD.

K MARINE SHIP MANAGEMENT PTE. LTD. will be established in Singapore, and the management of oil tankers, LPG carriers and LNG carriers will be transferred from “K” Line Energy Ship Management Co., Ltd. by the end of September this year.

In addition, as one of the global bases that support the activities in Asia area of our business divisions from the forefront, we will accelerate efforts to decarbonize and introduce DX technology.
