"K" Line Publishes 100-Year History Entitled "Voyaging Through Time"

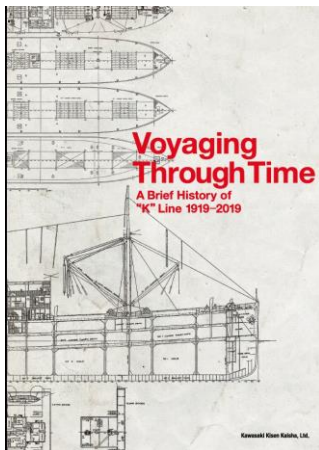

Kawasaki Kisen Kaisha, Ltd. ("K" Line) is celebrating its 100th Anniversary this year. As part of our centennial commemoration, we have published a company history entitled "Voyaging Through Time" and posted it on our company website. This publication describes how "K" Line has proceeded in its course over the last century and includes a multiple number of photos and illustrations.

In this April, we released a Corporate Profile Video which introduces our 100-year history and present organization. It is our hope that you will deepen your understanding of our company's activities through this publication and video.

As an integrated logistics company, our corporate principle is to help enrich the lives of people. Our goal is to pass this principle on throughout the next 100 years and strive to earn the trust from all around the world.
