Alliance Property Management | info@apmutah.com

Management

If you have questions or concerns please contact management through the action items on the website. Or through the your resident portal at apmutah.com

stonecreekcanyonhoa.org

Parking

No resident parking in guest areas unless you have a visible parking pass. All others will be towed.

NO STREET PARKING

.....
Currently there are no parking passes available.

.....
Please remember to leave your garage lights on at night for the safety of the community.

Swimming Pool

We hope you have been able to enjoy the pool and hot tub this year. Please remember, no more than 7 guests in the pool. If you move pool furniture please move it back. In order to use the pool you must be up to date on your HOA Dues. Please do not let other residents or guests in the pool area under any circumstances. Fobs are deactivated for a reason, you could lose your own pool privileges. No food or drinks within 10 feet of the pool.

The bark replacement will be starting next week and then we will be starting the bush and tree replacement project throughout the rest of the summer. We will be replacing as many dead bushes as the budget allows. If you have dead bushes around your home that need to be replaced please submit an action item with pictures to be placed on the list. Landscapers will be making the final decisions along with management as to what needs to be replanted. If you want to purchase and plant something special in your yard you must get approval from APM by submitting an action item.

Summer is here which means there is more traffic in the community; more individuals on scooters, bicycles, and walking. We need to keep our community safe and obey the 10 mile per hour speed limit and stop signs . There are a lot of blindspots around the corners; especially pulling into the community. Please do not park your vehicles in a manner that block sidewalk access or impede the accessibility of others. We appreciate everyone's cooperation in keeping our community a safe place to live.
