Testimonials

The way to learn how to achieve enlightenment is to watch Cristina for some time and then you know how to manage the energy and the mindset and the heart's energy to get there. Antje Willmes, ND, Bensheim, Germany

You were spectacular in your delivery and your message was straightforward, had relevant meaning, and gave us all something to take home.” Rosemary Price Former Az. Executive Managing Director eWomenNetwork, CEO Global Residual Income. Scottsdale, AZ.

I love your peace. Thank you. Linda Miller. Phoenix, AZ.

The reason you were invited to participate in a Focus Group/Think Tank for the new Small Business Leadership Council of the Greater Phoenix Chamber of Commerce is because of your tremendous insight into small business and your talent for creating positive experiences where our chamber members can learn to grow their business and prosper. I would be honored if you would attend. Kristin A. Donaldson Director of Small Business and Membership Greater Phoenix Chamber of Commerce

Wow! The workshop I gave on Tuesday was so **focused**. I know it was from the brain optimization Executive Focus session I had with you. In the workshop I had people do the brain optimization techniques after lunch and didn't have anyone nodding off after eating their turkey sandwich!

It was like I knew what was important to say and was very discerning. I got a standing ovation at the end and actually finished 45 minutes earlier than I have been. I gave you a testimonial at the Chamber of Commerce leads club telling them to go see you. Thank You. Connie Kadansky, Exceptional Sales. Phoenix, AZ.
