

What are
Archangels?

Introduction to Archangels

Archangels are powerful spiritual beings that serve as messengers and protectors. They are often depicted with wings and divine light.

Names of Archangels

Archangel Michael - protector and leader of God's army.

Archangel Gabriel - messenger of God and bringer of news.

Archangel Raphael - healer of physical and emotional wounds.

Characteristics of Archangels

Archangels are celestial beings that serve as messengers of God. They are known for their powerful energy, divine guidance, and protection.

A white triangle with a light gray grid pattern is positioned on the right side of the image. It is partially overlaid by a dark purple triangle on the left and a blue triangle on the right. Inside the white triangle, the words "How", "WHEN", and "WHERE" are written in a bold, black, hand-drawn font. There are also some small black circles scattered around the text.

WHERE

Archangels and spirituality

Archangels are celestial beings who serve as messengers between God and humans. They offer guidance, protection, and healing to those in need.

Working with Archangels

Archangels are divine messengers who act as intermediaries between humans and God. They offer guidance, protection, and healing to those who seek their help.

In conclusion, Archangels are divine beings who offer us guidance, protection and unconditional love on our spiritual journey.
