Some of the Benefits of Working at A Plus Plumbing LLC:

- Competitive wages
- Training
- Well-equipped and clean service vehicle
- Medical benefits
- Retirement benefits
- Paid vacations
- Annual bonus

Primary Responsibilities

- Assemble pipe sections, tubing, or fittings, using couplings, clamps, screws, bolts, cement, plastic solvent, caulking, or soldering, brazing, or welding equipment
- Install pipe assemblies, fittings, valves, appliances such as dishwashers or water heaters, or fixtures such as sinks or toilets, using hand or power tools
- Fill pipes or plumbing fixtures and observe pressure gauges to detect and locate leaks
- Maintain or repair plumbing by replacing defective washers, replacing or mending broken pipes, or opening clogged drains
- Locate and mark the position of pipe installations, connections, passage holes, or fixtures in structures, using measuring instruments such as rulers or levels
- Measure, cut, thread, or bend pipe to required angle, using hand or power tools or machines, such as pipe cutters, pipe-threading machines, or pipe-bending machines
- Estimate time, material, or labor costs for use in project plans
- Inspect structures to assess material or equipment needs, to establish the sequence of pipe installations, or to plan installation around obstructions, such as electrical wiring
- Install green plumbing equipment, such as faucet flow restrictors, dual-flush or pressure-assisted flush toilets, or tankless hot water heaters
- Cut openings in structures to accommodate pipes or pipe fittings, using hand or power tools.
- Fill pipes or plumbing fixtures and observe pressure gauges to detect and locate leaks

- Installs, repairs, or replaces domestic hot and cold water lines.
- Repairs and replaces domestic hot water heat pumps, chilled water pumps, sump pumps, and sewage pumps.
- Leads troubleshooting efforts and repairs steam, water, and gas distribution systems.
- Ensures proper care in the use and maintenance of equipment and supplies; promotes continuous improvement of workplace safety and environmental practices
- In coordination with management, assigns and tracks corrective and preventive maintenance tasks given to Tech Assistant
- Performs miscellaneous job-related duties as assigned.

Minimum Job Requirements

- High school diploma or GED
- At least 5 years of trades experience directly related to the duties and responsibilities specified
- Knowledge, Skills and Abilities Required
- Plumbing installation, maintenance, and repair skills
- Knowledge of steam, water, and natural gas distribution systems maintenance and repair
- Ability to use hand and power tools applicable to trade
- Ability to lead others in troubleshooting and emergency repairs.

Physical Demands and Work Environment

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this position. Reasonable accommodations may be made to enable individuals with disabilities to perform the functions. While performing the duties of this position, the employee is regularly required to talk or hear. The employee frequently is required to use hands or fingers, handle or feel objects, tools or controls. The employee is required to stand most of their shift and frequently must walk; sit and reach with hands and arms. The employee must occasionally lift and/or move up to 40 pounds. Specific vision abilities required by this position include close vision, distance vision, and the ability to adjust focus. Hand-eye coordination is essential. The employee is regularly exposed to unusual elements, such as high temperatures, dirt, dust, fumes, humidity, unpleasant odors, and/or loud noises. The employee is frequently expected to wash their hands. The noise level in the work environment is usually moderate.

NOTE

This job description in no way states or implies that these are the only duties to be performed by the employee(s) incumbent in this position. Employees will be required to follow any other job-related duties requested by any person authorized to give instructions or assignments. All duties and responsibilities are essential functions and requirements and are subject to possible modification to reasonably accommodate individuals with disabilities. To perform this job successfully, the incumbents will possess the skills, aptitudes, and abilities to perform each duty proficiently. Some requirements may exclude individuals who pose a direct threat or significant risk to the health or safety of themselves or others. The requirements listed in this document are the minimum levels of knowledge, skills, or abilities.

A Plus Plumbing LLC is an equal opportunity employer and value diversity. All employment is decided on the basis of qualifications, merit and business need.
