HOW IT WORKS

- 1. Athlete will fill out player questionnaire form (listed below) to our recruiting department for review.
- 2. We create an online player profile for the athlete with film and updated stats for college coaches to view.
- 3. The athlete will select the services he/she would like to utilize for our recruiting program.
- 4. Based on our evaluation and services selected, we will create a roadmap for the athlete to pursue a college.
- 5. Our recruiting department sends the athlete's player profile to coaches.
