### 3. IMPROVEMENT RESTRICTIONS

3.1 For the benefit of all lot owners, an Architectural Control Committee (the "Committee") is hereby created. The Committee shall have the right to approve or disapprove of any plans or specifications for any residence or other building in "The Subdivision" which has been submitted to them for consideration. This authority to approve or reject the proposed building and/or residence on a lot in this Subdivision shall be at the sole discretion of the Committee. The decision of the Committee, in the event of any dispute or controversy regarding the interpretation of these restrictions and covenants, shall be final and non-appealable. The Committee shall consist of three (3) members who shall be appointed by the Developer until such time as the Developer releases control to the collective lot owners of the Subdivision. The Developer shall continue to have the sole and exclusive right to appoint the three individuals to serve on the Committee until they resign their duties in favor of the Lot owners, or the passage of twenty (20) years, whichever occurs first. The Developer hereby appoints, as the initial members, J. Glenn Dupree, Alex Theriot, and James M. Terrell. Any notices given to the Committee shall be done by certified mail, addressed to the Committee at 11821 Wentling Ave., Baton Rouge, LA 70816. These initial members shall serve until they resign or an instrument in writing is signed by the Developer and filed in the records of the Clerk of Court of East Baton Rouge Parish appointing a different Committee, or the lapse of twenty years, whichever occurs first, at which time the Committee shall then be elected by a majority vote of the lot owners in the subdivision with each lot being entitled to one vote. 3.2 The Committee must approve the plans and specifications of any building, residence or improvements of any kind in the Subdivision. This approval shall also include site plan approval or location of the proposed residence on the lot and landscaping plans. A site plan showing the proposed location of the residence, garage, and any other structures and, if possible, a landscaping plan shall be submitted to the committee along with the plans and specifications of the proposed residence. The Committee's approval or disapproval as required herein and elsewhere in these covenants shall be in writing. No construction shall be started until the lot owner obtains a signed copy of the building plans approved in writing by the Committee and the lot owner has complied with all governmental permitting and licensing requirements. The Committee is responsible only for notifying the lot owner upon completion of a plan review. It shall strictly be the owner's responsibility to obtain the signed copy of reviewed plans and the accompanying letter or to assume the risk for commencing construction otherwise. The Committee shall act promptly in reviewing and commenting. The Committee shall approve or disapprove the site plan and plans and specifications on or before thirty (30) days after submission by the Lot owner. Regardless, all other provisions of these restrictions shall continue to apply. It is understood that the approval of any plans and specifications of the residences to be built on the lots in the Subdivision shall not impose any liability upon the Committee or Developer for any defects in construction, or in design, or for any other matter related thereto. The Committee and the Developer shall have no liability of any sort to anyone resulting from the Committee performing any of its duties contained herein.

3.3 The Committee shall be required to approve all requests made by any lot owner to the City/Parish of East Baton Rouge or any other appropriate authority having jurisdiction for any waivers of any City Ordinances or rules promulgated by the governing authorities. Any waiver, even though granted by the City/Parish of East Baton Rouge, is not valid without approval by the Committee.

3.4 The Committee shall have the right to enforce the restrictions contained herein by bringing a suit for injunctive relief against any lot owner who may be violating these restrictions, or by bringing any other legal actions as the Committee deems necessary and advisable against a lot owner to insure that all requirements and obligations imposed herein on the lot owner are complied with, but the Committee shall be under no obligation to bring such action. Should the Committee bring any legal action against the lot owner, the said lot owner shall be liable for reasonable attorney fees and court costs so expended by the Committee in such action.

3.5 All building plans, specifications, plot plans and landscaping plans shall be submitted in duplicate to the Committee. One copy shall be returned marked "approved" or "disapproved" and the Committee shall retain one copy for its files to reflect what it approved or disapproved.
