

**FOR THE CITIZENS of MOSES LAKE as YOUR COUNCIL MEMBER**

- 1. Foster a Citizen based Government. City Council implements the needs and wants of the Moses Lake citizens. It's your City and your Tax revenues that make the city go. Encourage more citizen feedback and a better City Website for Transparency.**
- 2. The Values of the City and the County are based on Family, Faith, Freedom and Farming. We must protect this while encouraging growth in other fields as we balance our future to be more dynamic and sustainable. This is achievable.**
- 3. Support and Encourage Law Enforcement to enforce existing ordinances and protect Retailers from the rampant theft or we will become Seattle and Portland.**
- 4. Address Homeless Problem by promoting Mental Illness and Drug treatment policy FIRST. Government statistics clearly show that 80% plus of Homelessness is caused by these 2 categories and not lack of housing.**
- 5. Children come first. They are our future and maintaining a safe environment is a critical Top Priority for them and for a successful future of this city.**
- 6. Have the Police Chief and City Attorney report to City Council. Eliminate corruption and fraud by installing new internal controls.**
- 7. Promote Growth in Business and Housing with a more efficient, more adaptive and less bureaucratic government.**
- 8. Create efficiencies in the City's budget to reduce taxes. Waste and Mismanagement is prevalent.**

**9. Restore original design of government. City Council creates Policy and Directives. City Manager performs general administrative duties.**

**10. The US Constitution is the basis of all Laws. We must protect and ensure that in every possible way or we become lawless and a 3rd world city.**
