

19"-22" Wall Mounted Digital Hand Sanitiser

HIRE me today

The Wall Mounted Digital Hand Sanitiser is unique, clever and innovative. Not only can you utilise the digital display for advertising, informing or enhancing a user experience, it comes with its very own inbuilt hand sanitiser. This means that when using the sanitiser, it will keep you focused on the screen for longer. The sanitiser is multipurpose; you can add either foam, liquid or gel to its 5litre tank.

Great for hospitals, healthcare industry, petrol stations, service stations, restaurants, bars and clubs.

Each display comes with an inbuilt media player either Android or Windows depending on your preference. The displays have inbuilt high-powered speakers. The displays used are designed for 24/7 use and are the latest 1080p LED high-end panels.

Available sizes 19" and 22"
