After Easter Morning Watch

for the week of April 24, 2022

As Jesus prepared for His departure of this world, He said to us, (In today's vernacular) "Hey guys, I gotta go soon, but do not worry, I'm not gonna leave you stranded. I am leaving with you access to God's perfect Internet (The Holy Spirit), a direct line to God! and it is available to all of you at any time All you have to do is access it!"

Even considering all of His teachings, His promise of Salvation etc., this gift to us is perhaps Jesus' greatest of all, and we most of the time are not appreciating or utilizing it.

In the words of an old theme song, "Get with it, get with it, get with it, get with it Get with it, get with it RIGHT NOW!. (Not down the road somewhere, but RIGHT NOW!) Morning Watch time is a good way to start "getting with it." We may talk about that "down the road "more, but for now, give it a try. Quiet yourself, and breath in and out slowly and "get with it" The Holy Spirit is available to us for any need, be it financial, health, relationships, etc. Thank you, Jesus, for this incredible gift to us!

"Help is available/ Not even fallible.

Get With it, Get with it--RIGHT NOW!
