

# 2019 Fall Richmond Township Community Newsletter

Happy Fall everyone. We hope everyone has enjoyed their summer. Our Township has been quite busy this year keeping up with daily routine road maintenance and updating our Township Building. There are just a few topics of interest completed throughout the year. We had a new steel roof installed on the office portion of the Township Building that was long overdue. We also had the Richmond Township trail re-sealed and repaired as needed. In the early spring we purchased a new road maintainer which is working great as we can get onto those soft roads easier without damaging the roads from the weight of the large grader. This will particularly be most beneficial in the spring when the grader cannot be on the roads. We had another successful day at our annual township clean-up day, along with many helping hands working to beautify the Richmond Recreation Park. The Richmond Recreation Board has had some successful events as always and you can read more about these events on our Richmond Website.
