A Word from Supervisor Don James

To all of our residents in Richmond Township: I want to thank all of you for the opportunity to serve you as a township supervisor for the last 12 years. This is a self-imposed term limitation on my behalf. I am extremely confident that Glenn, Bryan and our next elected supervisor will continue to serve our residents to the best of their abilities. I have had the opportunity to work with an amazing number of incredible people! Our township workers are all extremely passionate about their jobs and the community they serve. Each and every one of them strive to make Richmond Township a better community for all to live in.

I want to thank all the volunteers who have unselfishly given of their personal time to aid in any capacity to help me and the residents of the township. Without them it would not have been possible to accomplish so many projects to improve our township. THANK YOU!

I encourage all township residents to “get involved “ and to help in any way possible. That is what makes this such a wonderful place to live in and raise a family!

Thanks again to all of you for such a wonderful experience. Don James

Our Wonderful Road Crew

Our road workers once again have been very busy in 2023. Not only have they been doing a wonderful job keeping our roads in great condition, they’ve also been busy with other projects. They replaced a 7’ x 80’ pipe on Mercer Road. This is one of many that have been replaced in our township in the past 12 years. John and Brian, using the gradall to clean our roadside ditches, have hauled over 250 loads of ditch dirt this year. Great job men! Keep up the good work. Please keep our road workers safe and slow down when you see them working on our roads.

Richmond Recreation Complex Renovations

Please check out our REC Area. Our walking path has one again been sealed, as well as the basketball court. We have upgraded some of the drainage issues that we have been having, so that problem has been solved.

The Athletic board has also been very busy. They have installed a lighted scoreboard and have tackled numerous other projects this past year. Great job people!

The township along with the REC Board are working together to make some much needed improvements to our two buildings there. The voting building will be getting a new roof, as well as some needed insulation to help keep it snug this winter. The large storage building in back is scheduled to have some upgrades to it as well: roof coating, as well as new siding and additional doors added. This work should be completed within the next month or two.

Please consider joining our REC Board and Athlete Association. These are two great ways to give back to your community.
