Road Master's Report – The month of April we have been grading roads a few weeks early after an easy winter. We put a lot of 2B down to fill potholes; this has been a bad year for that. We also have been cleaning ditches and cleaning up edges on the roads. A big pipe on Mercer Rd is going bad so we have Mark Corey, Construction Engineer, figuring out what size pipe we need. He is also helping with getting the proper permit. Clean-up Day turned out good. Thanks for all the help. We will be out ditching and grading roads, so watch out for us.
