Where in the World...

A woman in India had a lucky near-miss when she reached into a bag of rice in her home and found a venomous cobra. Sagarika said she put her hand in the bag and quickly pulled it back out when she felt something cold moving inside. It turned out to be a baby cobra! Sagarika decided to contact the local Snake Helpline and trapper, who arrived to find the snake hiding in the cup placed in the bag for scooping the rice. They released the cobra out of town. The trapper stated that the encounter could have been fatal.

What's Going on Here...

-August 9th: 8th Annual Golf Outing for Autism presented by NYFAC Foundation. All day golfing event, with dinner, awards and raffles. 8AM-7PM at Harbor Links Golf Course, 1 Fairway Dr, Port Washington

-August 14th: "Blondes Have More Fun" Rod Stewart tribute. 7:30PM at Morgan Park Summer Music Festival. Free admission

-August 21st: "KidStock" family music festival with activities for children. 12-5PM at North Hempstead Beach Park, 175 West Shore Road. Free admission

How's it Possible...

In 1767, the first carbonated soft drink was made by scientist, Joseph Priestley. He made carbonated water by placing a box of water over a beer vat, which caused the air to collect over the fermenting beer. The air collected was what Priestley described as "fixed air." Fusing carbon dioxide with water was not introduced to the public until 1772 after it was published in a pamphlet called "Impregnating Water with Fixed Air."

When Did That Happen...

Millions of Elvis Presley fans from around the world congregate at Graceland in Memphis to celebrate and honor the life of Elvis Presley during Elvis Week 2018. Every year in August there are unprecedented concerts, special performances and guest appearances that will take place from August 9th-18th at Graceland's new entertainment complex. This year there is a tribute to the 50th Anniversary of the '68 comeback special!

Who Knows...

1. How many cats can you put in an empty box?
2. There are three apples on table and you take away two of them .How many apples do you have now?
3. What has one head, one foot, and four legs?

That's Incredible!

Believe it or not, there is a record for holding the most world records! A sprightly 62 year-old, Ashrita Furman has set more than 600 records and currently holds over 200. Ashrita's dream of becoming a multiple title holder first took hold as a young boy in the 1960's, after he developed a fascination with the Guinness World Records book. He has now become one of the only individuals in the world to have broken a record on every single continent, and hold more than 100 at any given time.

That's Trendy!

This August, dresses are in! Try a patterned summer dress patchwork style featuring different layered panels for a vibrant look. The shirtdress is a totally versatile garment, especially in classic white. It's like a white canvas you personalize with accessories. The sequined dress is a go-anywhere and go-to piece for the summer.

That's Funny!

What do you call a pile of kittens?

-A meowtain

What do you call a gangsta snowman?

-Froze-T

What bow can't be tied?

-A rainbow!

That's Twisted!

Of all the felt I ever felt, I never felt a piece of felt, which felt as fine as that felt felt, when first i felt that felt hat's felt.

That's Inspirational!
