All seasonal rentals include bathrooms, showers, and use of the fish cleaning station. The length of the season is weather dependent but generally depends on buoy placement from now until buoy removal which begins the 3rd week of October. Water to docks occurs after freezing danger is over in May.

2024 Seasonal Rental Information

Most docks are rented on a seasonal basis. The prices are listed below. Usually, our rental docks are spoken for by Memorial Day weekend. If you are interested in renting a dock, call Larry on 989 860 0295. He will put your name on a list, ask you for a boat size, phone number, or email and wait for the weather to warm up. No Deposit or cancellation fee is required. After the weather breaks, usually in early May, we will look for weather damaged docks to ensure that all docks rented are in good condition. Then dock assignments can be allocated. Returning renters from the previous year have the option to remain in the present slip.

Please note that the rental prices are for 2 periods of time, before memorial weekend and after memorial weekend. We focus on seasonal rentals before memorial weekend.

That is where the best pricing occurs. Take note in the next paragraph of the significant increase in pricing after Memorial Day, especially for short term rentals for periods of daily, weekly and monthly rentals.

After June 15 the monthly rate is \$450, the weekly rate is \$150, and the daily rate is \$30 for a standard dock and \$35 for a deluxe dock if we have any available. It is easy to determine that the seasonal pre-holiday rate is the most economical.

Also be reminded that you can purchase a 25 ft. standard dock for \$4500, a 25 ft. deluxe dock for \$5500 or a 30 ft Deluxe dock for \$8000 if available. Call Larry (989 860 0295) for more information on which slips are available or additional information.
