Cryto \ Blockchain Companies & Funds

- 1) This report shows the returns of the largest cryto and blockchain companies and funds sold to investors. Long term returns do not exist for most of these companies or funds and the returns are not impressive.
- 2) These investments are extremely volatile and are appropriate for traders and speculators, not long-term investors. Most, if not all of the companies involved in cryto and blockchain are not financially healthy or profitable.
- 3) Recommend selling all cryto and blockchain related investments. Over the long-term, you will make more money in a portfolio of high quality individual stocks, real estate and gold.
