SERVICING THE LANDSCAPE INDUSTRY

ABOUT US

Rapidly approaching 30 years supplying high quality products to the interior landscape industry, Terratec are proud to present our portfolio of plant containers to the discerning customer. All the planters within the brochure are produced to the highest standards.

Continued development in design and production techniques has ensured that we have stayed at the forefront of the industry priding ourselves in providing our customers with a fast and efficient service.

Now entering the second decade within our converted textile mill in the heart of West Yorkshire we have fine tuned our manufacturing processes in order to be able to provide the highest quality products at the most competitive prices. Supporting our local manufacturing industries we work very closely with joiners, sheet steel fabricators and metal spinners to provide our timber, stainless and spun aluminium products.

In addition, we are also the official UK importer of the Lechuza and Styler ranges, who are the market leaders in plastic and designer stoneware.

Terratec are able to fulfil all of your planter requirements whether it's for a small desk planter; large specimen tree planter.

We work in huge variety of materials including glass reinforced plastic (GRP), stainless steel, hardwood, softwood and aluminium.

If you think that a scheme would look great but can't find the planter, we are the people that can help. We offer a full bespoke service, taking your ideas and turning them into reality. In section 12.0 you can see some of our bespoke work.

1.0 PARALLEL TOWERS & BARRIER PLANTERS

ALL THESE
PLANTERS CAN
BE MADE TO
MEASURE

PARALLEL TOWERS		
PRODUCT	CODE	SIZE - (L x W x H) (MM)
Squares	PT40/40	400 x 400 x 400
Vertical	PT40/80	400 x 400 x 800
Straight Sides	PT40/120	400 x 400 x 1200

BARRIER PLANTERS		
PRODUCT	CODE	SIZE - (L x W x H) (MM)
N/A	BT900	900 x 350 x 900 (Not Inc Castors)
N/A	BT1000S	1000 x 350 x 1000 (Not Inc Castors)
N/A	BT1000	1000 x 400 x 800 (Not Inc Castors)
N/A	BT1200	1200 x 400 x 800 (Not Inc Castors)
N/A	BT1500	1500 x 400 x 800 (Not Inc Castors)

Parallel Towers

Our range of parallel towers are available in three standard sizes, we can adapt them to receive a drop liner and sub irrigation system. If these sizes do not fit into your preferred scheme, then we can produce any size cost effectively.

Barrier Planters

These barrier planters have been used successfully to separate areas for a number of years. They can easily divide and add privacy without having to build a permanent structure. These planters are constructed in glass reinforced plastic with a piece of 19mm plywood sandwiched within the 'GRP'. This is to prevent any deformation when filled with live planting and compost.

The planters shown come in a choice of gloss, matt or textured finishes.

	Quadro 50	500 (L) x 500 (W) x 470 (H)

Terratec are proud to be the official UK importer of the Lechuza range of planters. They have been the most popular range of planter to be used within the interior landscape industry since their introduction some years ago. Their innovative design and manufacturing techniques have seen their popularity grow from strength to strength. With in excess of £100,000 of stock at any given time we can react quickly to any requirement that you may have.

3.0 TALL ROUNDS

TOMS TALL POTS		
PRODUCT	CODE	SIZE - (Dia x H) (MM)
N/A	TTP300	315 x 300
	TTP600	315 x 600
	TTP900	315 x 900
	TTP1000	315 x 1000
	TTP1200	315 x 1200
	TTP1500	315 x 1500

TOMS TALL POTS XL		
PRODUCT	CODE	SIZE - (Dia x H) (MM)
N/A	TTP450XL	450 x 450
	TTP700XL	450 x 700
	TTP900XL	450 x 900
	TTP1200XL	450 x 1200
	TTP1500XL	450 x 1500

COLUMN POTS		
PRODUCT	CODE	SIZE - (Dia x H) (MM)
N/A	COL 1	350 x 600
	COL 2	350 x 750
	COL 3	350 x 900

We have three different widths of tall round planter giving flexibility to your design requirements.

The Tom Tall 315mm wide planter is produced using an extruded plastic tube. This allows flexibility to the lengths available, ranging from 300mm tall to 2000mm tall. The Tom Tall XL 450mm wide planter is manufactured in GRP and again we can offer any size up to a maximum of 1500mm tall. Where necessary we can fit a false base to help with planting up.

Column planters, 350mm wide and in three heights complete this attractive range of planters, they can all be finished in matt, gloss or textured finishes.

	TRC 128/54	540 x 1280
	TRC 60/55	555 x 600
	TRC 90/55	555 x 900

This range gives the appearance of a ceramic planter without the problems associated with true ceramics. They can be colour coordinated with any building, giving flexibility that is not normally associated with ceramics. We can change heights, fix false bases and even wheels if necessary. These planters are the perfect solution when you need a natural looking product that is easy to install and will last for years. They are totally frost proof and won't leak unless drainage holes are specified.

	ZT 100/30	1000 (L) x 315 (W) x 300 (H)
	ZT 120/45	1200 (L) x 450 (W) x 390 (H)
Zenith Square	ZS 49/39	490 (L) x 490 (W) x 390 (H)
Zenith Hexagonal	ZH 55/38	550 x 380

These planters have been used within the industry for quite some time and are still a firm favourite when you are trying to compliment a more traditional décor or outside area. Manufactured in GRP, these planters will stand up to the harshest of environments and are of a high enough standard to grace the most salubrious of interiors.

12.0 BESPOKE ITEMS

Terratec have been taking ideas from the point of conception to delivery for nearly 30 years. We have been involved in a wide range of design and build projects, from domestic garden features to large shopping centre installations. We were even involved in creating a 36 metre diameter spaceship ride simulator for the Gateshead garden festival some years ago. We are happy working in most materials and have forged close working links with a number of highly skilled tradesmen. With our experience, we can bring together the most complicated of designs, so please call us to discuss your project.
