By the time you read this a lot will have happened within the Chapter. We will have had the Bike Clinic at my house which is preparing our bikes for the summer riding season, changing oil, anti-freeze and performing various maintenance. From the RSVP's that I have received thus far, it looks like we will have a great time and a lot of work to do. You all know how the new Gold Wing owners are about installing accessories and safety chrome. For those that have not heard, we have two new Gold wing owners, Paul Bricker and Karen Bottoni bought a GW Trike.

Another item of interest is that on the 17th of April, the District is sponsoring a Trike Rider Course and Advanced Rider Course classes. At the time of this writing, there is plenty of room for both courses with the ARC being conducted in the morning and the TRC in the afternoon. This is a range only class and cost \$50.00 per bike. If interested in attending, let me know and get your money into the District Treasurer with the registration form.

On May 15th, the Chapter will be holding our own Motorcycle Rodeo & Safety Awareness Event. This will be held at Kempsville Presbyterian Church located at 805 Kempsville Rd in Virginia Beach from 9 am till 4 pm. We need Members to assist in setting up, assist in running the games, manning the Motorist Awareness booth, and other tasks. Please email Lorrie at lorriemthomas@aol.com to volunteer. I plan on arriving about 7 am to start getting tents set up, so come out and assist with that as well.

Keep an eye out for the ride calendar and the website, things are changing every day. Until we meet again, stay safe, ride safe and keep the shiny side up.

Membership Enhancement

Gold Wing Road Riders Association Updating Personal Information at Home Office

It is important to keep your profile current with Home Office. If you have move, changed your e-mail address or phone number, please alert Home Office. This document will assist you in that process.

You can do this one of three ways:

1. Call Customer Service: 1-800-843-9460
2. Email Customer Service: CustomerService@GWRRA.org
3. Go online: <http://www.gwrra.org/members>

To update your information online:

If you have never logged on to this sight, you will first need to obtain log-in information. This can be done by clicking on the Welcome (Log-in) page where instructed.

After you complete this process you will receive an email with your user name and password.

After you have received your user name and password return to the Log-in page and on the left side of the screen click on "Manage My Records".

Click Continue. Enter your user Name and password.

Click Continue. At the Choose prompt, select the drop-down menu and choose "Modify My Record" and click on the "Go" button.

After you have made your changes click the Submit Changes button. This will update your information. When you have completed all the changes you need to make, be sure to log off.

If you have any questions, feel free to contact Customer Service at the phone number or email address listed above.

Updating Your Chapter Affiliation with Home Office

Your Chapter affiliation is automatically assigned using your zip code. You may find that the Chapter that feels most like "family" to you is not necessarily the Chapter to which you were automatically assigned. Many individuals don't bother to change their affiliation (also called an "override"), but there are some excellent reasons to change your affiliation to your Chapter of choice. For example, if your chosen Chapter is participating in the Chapter of the Year program, it can benefit them to have you on their Area Report List if you are an active Chapter participant. If you wish to serve your chapter in an Officer position, you will also want to change your Chapter affiliation.

To change your Chapter affiliation, contact Customer Service at 1-800-843-9460.

What a great change in the weather... but don't be surprised if the temperature drops from one day to the next. We will be seeing this curve thru April and into early May. If you decide to take a ride or a ride with the Chapter, be prepared for the temperature changes even throughout the day. I remember a few years back where I didn't look at the weather report and it was in the 60's in the morning with highs in the low 70's. By late afternoon it was in the low 50's and I had not prepared for that large of a temperature drop. It got chilly riding the bike at 60 miles per hour. I now carry at least my rain gear as that will protect you as well.

We will have had our bike clinic by the release of this newsletter. There are many other rides and events happening in the month of April and the months to come. One event that is currently tentative is a Road Captain Course, which is where you learn to be the leader when riding in the group and/or a tail gunner. During this course, each rider assumes both positions. This is scheduled for April 24th in Manassas with Chapter I, but everything has not been finalized as yet. Also, to become Road Captain you must also be a Level 2 in the levels program. We have numerous Members that would qualify for level 2, if interested please let me know and we will check your level status and get you updated if necessary.

Listed below is the upcoming rides and events:

April 10 Lunch Ride to Northern Neck burgers in Tappahannock, Va

April 17 ARC/TRC Range only Classes (Pre-registration required)

April 24 Road Captain Class in Manassas with Chapter I

April 27 Chapter L Gathering at Zino's Pizza 6:00 pm social/ 7:00 pm Gathering

April 29 thru May 1 Tennessee Rally

District

Can you Feel the Change?

Vaccines are getting into arms, restrictions by the State are lifting and just in time to enjoy the beautiful riding weather.

The sound of motorcycles up and down my street are more frequent. Chapters are posting pictures of rides on Facebook. The District rides are forming. Classes are being scheduled in the classroom and on the range. There is a Road Captain class scheduled with Va-I in April and an Advanced Rider Course and Trike Rider Course April 17th in Chesapeake. Schedule training for your Chapter, online or in person.

Let me know! Of course, use your own judgement as to what feels comfortable for you. I'm certain that you miss us as much as we miss you, but with time and patience, we will all be together.

Have you joined the other Chapters in setting up a "it's time to ride" bike clinic where we help each other do bike inspections, change fluids, add safety chrome and, of course, do a potluck picnic? Planning a ride to other Chapter events? Reach out to your Chapters, talk about how getting back together might look to you. Don't assume that everyone still wants to stay isolated. Staying in that thought, check the events page in the newsletter for what is happening. Are you going to Wing Ding? If so, Dan can use a few folks to help to check armbands at the vendor doors on Friday, July 2. Please let him know.

The District Team has worked hard to offer you the best Member experience we could. The transition in June of 2019, just prior to the Rally, was a challenge. We successfully brought forward the plans that were in effect at the time. During the almost two years since, we began anew, new Team Members, new Rally location, among other new things. With input from you, we either removed or tweaked long standing Virginia District traditions. All this while dealing with the pandemic. Now what?

It is time to build on what we have accomplished. We are going to ask that Chapters contribute to the Rally. We aren't asking for multiple baskets, table or door decorating, or food for hospitality. Financially, it has been a rough year on the Chapter treasuries.

The Iron Clad Wings

District

What we need is a contribution of time, a few volunteer hours. No one is going to be straddled with a huge responsibility that will keep you from the fun. All of us do a little and it will all get done.

Some Chapters and the District Team have openings for volunteers. I have mentioned this in previous articles and at the OPS meeting. I am thrilled to see that several Members responded to the call and there have been appointments. There is still a need for **Chapter Skills Enhancement Advisors** (CSEA), a fancy name for that Member who loves encouraging safe riding, involvement in the Levels program, communicates training opportunities in the area or arranges for training when the Chapter wants it.

The District has two great District Educator Assistants. They fill a position responsible for rider safety in education. They give all the time they have to give and fulfil an important need. With 12 Chapters, adding a **District Educator** would allow us to reach more of you.

The **District University Coordinator** is an administrative position, concerned with communicating with the Instructor/Trainers, keeping them apprised of training opportunities and recertification dates.

For the Member who enjoys helping at Rally, there is a position known as the **Goodies Coordinator**. This Member or Members set up a table at Rally to sell the District's patches, pins, and gift items. Only friendly folks need apply.

District Motorist Awareness Coordinator. Come to Chapter Va-L's Motorist Awareness event on May 15th to see just what this program is about. There will be representatives from the National program helping us to teach the motoring community to look out for motorcycles.

There is plenty to volunteer for, we need all kinds of skills and will make sure we are staying within your time commitment.

Enjoy the holidays.

Our Mission Statement: RIDE & GROW

Respect all motorcycle riders and motorists

Inspire members to participate in the Levels Program.

Dedicated towards providing a family atmosphere so everyone has fun.

Educate our members about new innovations regarding riding, safety, and about GWRRA.

&

Give back to the community, resulting in a positive image of motorcyclists.

Relax, and enjoy the ride!

Offer assistance and encourage participation by all members.

Work with members by assisting them in achieving their goals.

So, what are we really saying...

We don't discriminate; all types of motorcycles are welcome. If your friends are looking for a group to ride with, that believes in and practices safety, we are that group. Respect drivers by being courteous with our lights and riding style.

We want all our members to participate in the Rider Education (Levels) program. The Levels Program allows members to advance from Level 1 (Committed to Safety) to Level 4 (Safety By Enhanced Commitment and Preparedness), also known as Master Tour Rider. As our members gain experience and miles, we inspire them to advance to the next level.

We are a family association; we are dedicated to providing a fun and friendly atmosphere to members and visitors of all ages. We strive to make every event fun.

Chapter L is dedicated to educating our members and visitors about motorcycling. We do this by having training provided by certified trainers that have graduated from Gold Wing University. We educate members about riding alone, with a co-rider, and in a group. We educate on riding as a team, pulling trailers, crash scene response, leadership, fun events, advances in motorcycling, and much more. Our trainers are evaluated by senior trainers to ensure they remain up-to-date regarding motorcycling.

Not all motorcyclists are the same; we strive to present a positive image to the public. We inform the public about what our association stands for; Friends, Fun, Safety, & Knowledge. We are a part of the community and want the community to be a part of us.

Have fun and enjoy riding with Chapter L. We want all of our riders to relax and enjoy the ride while being among friends that share your passion... riding.

It takes everyone to make the Chapter successful. But what is the definition of **successful**? Successful means the Chapter is fun. Successful means the Chapter rides a multitude of routes with varying distances. Successful means people want the Chapter to thrive. Successful means people ask "what can I do to help..." Successful means our membership thrives. In other words, we cannot be successful without you. Participation from all members results in the Chapter being successful.

Have you achieved your goals you've set? Regardless whether your goals involve motorcycling or are professional, chances are, there is someone in the Chapter that wants to assist you in achieving your goals. Our goal is to assist you in achieving your goal.

Our Motto: RIDE and GROW with VA-L

Helpful information for members

To get Chapter, District, and National patches for your vest, contact our Chapter Treasurer, Will Conrad.

For things you might typically pick up at a Rally, but don't want to wait until the next one comes around:

- **Chapter Shirts/Rider Ed patches:** See the Chapter Directors; Dan Clark & Lorrie Thomas
- **Name Tags:** www.TheEngraver.com (take note of spelling—only 1 'e' at beginning)
- **Vests & sewing patches:**
 - Perfect Fit Alterations, 357 Johnstown Rd, Chesapeake. They also do vest embroidery
 - The Leather Arts Store at 415 N. Military Highway, Suite 13. Ask for the owner, Dennis
- **Embroidery & Name Tags:** Nancy Harbison Uniforms & Tailoring at 479 South Lynnhaven Road, Virginia Beach (463-3241)

These are by no means the only place to get your desired items, just the ones that seem to be used the most by local chapters.

BREAKING NEWS

TENNESSEE SPRING FLING 2021

Out of an abundance of care and concern for the health and safety of our members and guests we found it necessary to change venues. We are moving the rally about 1.5 miles up the Parkway. The rally will now be held at the Ramsey Hotel and Convention Center, located at 3230 Parkway, Pigeon Forge, TN 37863. This is a very nice upscale hotel. This was previously a Holiday Inn and is located about a block off the Parkway and in the middle of most of the activities. You can check this out on the internet, just go to your search engine and put in the <https://myramsevhotel.com> and look it over. The room cost will be \$129.00 per night. That price is for 2 Queens or 1 King Standard room. Breakfast is included with the room. The hotel has plenty of parking space so we will not be looking for a place to park. Jan and I just stayed at the hotel and we found that everything that is pictured in on the web site is current.

Distracted Driving

<https://www.drivesmartva.org/about-dsv/>

Distracted driving is a growing epidemic on our roadways, claiming thousands of lives and injuring hundreds of thousands each year in the United States. There were 847 traffic fatalities in Virginia in 2020* compared to 827 traffic fatalities in 2019 and the number of traffic fatalities on Virginia roadways increased 18.3% between 2014 and 2019. The Governors Highway Safety Association says that phone use while driving is one of the most common driver distractions. (*2020 data is preliminary and subject to change.)

Top Tips For Avoiding Driver Distraction:

- Put your phone down.
- Enable the "Do Not Disturb" feature on your phone.
- Install a "Do Not Disturb" app that detects when you are driving.
- Enter addresses into your GPS device before driving.
- Never reach for something that has fallen or slid away from you.
- Avoid eating, drinking, smoking, and other distracting activities while driving.

Stayin' Safe: Fueling Risk

Retrieved from RiderMagazine
<https://ridermagazine.com/2019/07/08/stayin-safe-fueling-risk/>

With multiple entrances and vehicles constantly flowing in and out, a busy gas station is one of the most foreboding intersections a rider will encounter.

Intersections are the most common sites of motorcycle crashes involving other vehicles. You probably knew that. Oncoming vehicles turning left across the path of the unsuspecting motorcyclist and drivers pulling into the rider's lane from a side street are serious risks to the street rider. The astute motorcyclist approaches intersections with anticipation and minimizes risk by adjusting position and speed to create precious space and time.

But what does an intersection look like? Not all traffic junctions are traditional four-way crossroads. In developed areas, the local gas station may be the busiest and most frenetic intersection in town—especially those biggie-sized gas/convenience stores popping up everywhere.

Unlike the traditional intersection where vehicle drivers have limited turning options, the gas station has multiple entrances and exits as well as undefined paths of travel within the fueling compound. This creates a free-for-all and challenges the rider to determine where any given threat may come from.

Avoidance begins before you get there. Look for gas stations in the distance. Actively scan for vehicles on the highway that may turn across your lane, while also scanning for vehicles moving within the fuel stop that could present a moving threat.

Be aware there are multiple things demanding a driver's attention near gas stations. Other vehicles entering and exiting, the flow of highway traffic and even intangibles like concerns of being late for work. All of these make a rider even less noticeable to motorists.

Daytona or Bust

Submitted by Paula Dignan, VA-L

I'm so excited to share my first experience at Daytona Beach Week. I was there from 7 to 11 March 2021 for the 80th year anniversary. I stayed at the Hilton on Atlantic Street and the views were amazing.

I could see the beach and the sites all the way down to Main Street where all riders rode to show off their bikes. I couldn't get over the crowds of people, the bikers, the shops, food smelled amazing and of course the wet T-Shirt contests . 🤪

The music was loud and many bikes were louder. I felt completely in my element. Everyone spoke, and were genuinely interested in finding out where you were from and what your ride was. I feel now like I'm "in".

I went to Sturgis Bike Week in 2019, but at that time I didn't even have a license to ride. I did get to ride with some of the locals and enjoyed Sturgis and Deadwood, but now I consider myself acclimated to this exciting hobby!

The Iron Clad Wings

A Shiny New Toy Submitted by Debbie Mandigo, VA-L

Karen Bottoni, aka Gnome Napper, bought a Goldwing. It all came about after she took Dan Clark's trike to be serviced at Honda of Norfolk after his back surgery. Three hours and 80 miles later, she came home all glittery like a kid who just got a pony. She talked about the smooth ride, ease of operation, and all the bells and whistles. 'It handles better because the Harley has a straight axle' and 'the ride is smoother because of the longer rake'. (I had no idea what that meant.) 'It would be great to have toe warmers and heated grips and seats for the winter'. She said we needed to start thinking about comfort vs. image.

A Harley Tri-Glide was Karen's dream. She never had eyes for anything else until that fateful day when she helped out a fellow Chapter friend. I knew when she walked through the door she was going to the dark side. We talked finances. I said if she could get into a Goldwing for what she still owed on the Harley, she could do it. Her words were "CHALLENGE ACCEPTED".

A week later, Karen found a CSC black cherry beauty located in Florida. She made the deal and got a loan to pay off the remaining balance on her Harley loan. The guy who she was dealing with never got back to her. Now she had the Harley, a second loan, and no Goldwing. The search continued. She finally landed her dream - a 2006 Goldwing Roadsmith merlot colored gem in Alabama. The deal was made and it would be delivered in ten days.

The next day, the Chapter went out for lunch. I asked Joe Daniels if I could sit on his 88 1500 Goldwing. Karen took notice and came running over motioning behind him to not say anything about the new trike because the reveal would be at April's Gathering. I kept giving her signals that I understood but she wouldn't stop. I finally said if she didn't go away, I was going to say something. She got the hint and quickly retreated.

Four days later, the dealership called and said they would be here the next day with Karen's trike. So much for ten days. Karen had her work cut out. She needed to remove some custom paint and accessories off the Harley. She burned the midnight oil, then got up the next morning to finish.

Dan Clark came over the next day to assist Karen with removing the remaining accessories off the Harley. I left for an appointment at 2:30pm. When I returned, Karen had her shiny new toy in the driveway. She needed more room in the garage so had cleared a space for it to fit. She introduced me to the new trike and explained every button. She had me sit on it to feel the seat. We then took our first short ride, it was from the driveway into the garage. No time for anything else. We were off to dinner with the Chapter at Tucanos. When we returned from dinner, Karen proceeded to turn the trike on accessory only and then play with all the buttons, a good 10-15 minutes.

The next day, Karen had an appointment at Honda of Norfolk for an inspection at 9am. Apparently when she went out to start the Wing at 8am, it was dead. By the time she figured out where the battery was on the Wing and trying to finagle the car jumper cables with my assistance, it was 9:30am when she left the house. She was gone until 3pm that day—not surprised.

So here we are a few weeks into ownership. The trike has been out several times, but the back seat is still cold. Karen's only gone solo, but I don't feel left out or abandoned. She's developing a relationship with her new best friend. There's no doubt the three of us will share many miles together. For now, it's fun to sit back and watch her with that "little girl who just got a pony" glitter in her eyes.
