FIND YOUR MEMBERSHIP NUMBER

Disclaimer: The numbers on this picker wheel do not count as finding your number!

We will continue this game for 2022. Karen Bottoni, your Newsletter Editor will hide three random Chapter L Membership numbers somewhere in the newsletter. She will spin the wheel three times and a membership number will appear. If you locate your membership number, please notify Karen, kbottoni@gmail.com, tell her what page and where you found it. Then attend the next Chapter gathering and get your reward.

Where will you find your membership number?

Look in the margins, Read the Articles, read the special event inserts, along the margins, along the headers, footers, anywhere and everywhere in the Newsletter is fair game. It's not going to be too hard, but it will not be too easy either.

Only two special Rules:

1. Chapter-L Team Members are ineligible to participate.
2. All other members eligible and must attend the Gathering during the month of the newsletter to receive your reward. Must get with the MEC by 7pm start of the meeting.

Happy New Year. I hope everyone had an enjoyable and Merry Christmas and a happy New Year. Hopefully, we didn't put on too much weight from eating all that great food and desserts.

First, I would like to congratulate Joe and Trish Daniel on their selection as the Chapter Couple for 2022. This is an honor to be selected and it is well deserved on their part. They have been great ambassadors for the Chapter and the Organization, and I know they will continue to do so in the future. We welcome Joe and Trish to the Chapter team along with Paula and Bob Dignan as the Chapter Greeters. I also want to welcome and recognize two new members to Chapter L. They are Steve Kapsha and Ed Patejak. These two gentlemen have been members for a long time and have joined us from the former Chapter O. Welcome guys and we hope we can make you feel as welcome as you felt in your former Chapter.

The Chapter Team will be meeting at our house on January 9th to make up the Ride and Event Calendar for the year. If any Member is interested in coming over as well to make suggestions, you are more than welcome. Any input is greatly appreciated. Please let me know if you will be joining us.

There will also be a District Ops Meeting on the 14th and 15th in Charlottesville, Va. This will be held at the Comfort Inn 2097 Inn Drive. Anyone that is interested in becoming an Officer or a Team Member is encouraged to attend. The 14th is a casual get together and the actual meeting is conducted on the 15th. If you care to attend, please let Lorrie know in advance for food planning purposes.

For those that missed the Chapter Christmas Party, you missed a great time. The new way of having the party with not having to cook was well received. All that did attend enjoyed the food and the facility. The Christmas spirit and giving were in abundance. The restaurant even asked us to come back next year.

In closing, I want to thank the Chapter Team for all their efforts in the past year. I also want to thank the Chapter Members for your continued support of the Chapter and the present Team. Without you, the Members, there would be no Chapter, Thank You! Till we meet again be safe, ride safe and keep the shiny side up.

Chapter Couple of the Year

Chapter Couple

“Newbies No More”

Well, there sure is something to that old saying, “What a difference a year makes.” To recap, after a 34-year hiatus from riding, a battle with cancer, being married for 20-some years, rearing two children, the Mrs. (or Boss as I lovingly refer) happened to catch me looking at motorcycles on Craigs List one day after work. Needless to say, she thought I was crazy. But, after some discussion, she convinced me to consider it. Since it had been a long time for me and the fact Trish had never been on a bike (except the pedal kind), we embarked on the purchase of a vintage 1988 Honda Goldwing to see if we would like it. It was a little shaky riding home that July evening, but that short ride got my excitement brewing again. Well, after looking at the Wing and following behind me for a couple of months, Trish finally mustered the courage to get on the back and let me, let her try co-riding out. I certainly didn’t know what her reaction would be, but she fell in love with it, and it has been non-stop ever since.

It was August 2020 that we attended our first Chapter gathering and determined we wanted to be members. So, we signed up for the 4-month trial membership, went to our first VA rally and officially joined in December. From there, we have seen first-hand the benefit of being a part of such a great organization and group of people. Last year we ventured down to Pigeon Forge, TN for their rally (our longest trip on the wing at that time). We then made the journey to Wing Ding 42 trailering the bike to MO and then riding in Missouri and Arkansas visiting the scenic “Grand Canyon of Arkansas”. We followed that up with the NC rally in the Smokies and rode the “Rattler” (there was an article about this stretch of road in a prior Wing World magazine). Of course, Trish became famous by getting her picture taken and subsequently published in Wing World while at Wing Ding (Not sure how much she paid for that). We then finished up the year attending our own VA rally which was great fun where we were able to experience our alter-egos, the Von Schindle family.

We have met so many great people and heard some really amazing stories and all the while, had just a load of fun doing so. What we have learned is that GWRRA is about the people more than the bike. Everyone we have met has been so endearing, helpful, informative, and caring. We learned if you ever need help, turn to a member. We always felt welcome, and this just confirmed that we are a group of folks bound by the spirit of freedom, adventure and fun that motorcycle riding provides. We are a family and GWRRA really helps us to experience that feeling. While we didn’t understand how and were shocked to learn we were selected to be Couple of the Year, we are truly honored. More than that, we are honored to be associated with such a great group of people starting with our own Chapter-L.

Chapter Skills Enhancement Advisor

Happy New Year Chapter L. Despite some minor set-backs in 2021, it was a much better year than when all the Covid stuff first started. All we can do is just focus on what's in front of us and take things day by day in all this craziness. Taking care of yourself and your loved ones is number one priority. That really shouldn't even be up for debate. I am optimistic that 2022 will bring better days. I want to thank you all for allowing me to be the Chapter Skills Enhancement Advisor this past year. It was a good year for us and I've learned a lot as the CSEA. I've learned that I'm only one person in the grand scheme of things and it takes more than one person to promote education and safety.

For those who couldn't make it to the Chapter Christmas Party, I would like to share again some Rider Education statistics for our Chapter in 2021. We accomplished much but still have more work to do. Again, congratulations to all who signed up for the Levels program and to those who moved up in their levels. Here we go...

Levels Program:

- Three members received their Level I
- Three members received their Level II
- Four members received their Level III
- Two members received their Level IV (2 more expected soon)
- One member received their Grand Master
- Three members retired from the Levels program

MFA CPR:

- 11 members certified through GWRRA or ARC

TRC-R:

- Four members attended

ARC-R:

- One member attended

Road Captain's Course:

- Three members were certified

1st Annual Motorcycle Rodeo and Safety Awareness Event:

What's New in 2022?

VA District Directors

What can be said about the last two years that hasn't been said? What will 2022 be like?

We can all speak to how challenging the last two years have been, people lost, opportunities placed on hold, lives disrupted and on and on. For some, it would be easier to dwell on the "what ifs" and the "what we losts." We can hope, fingers crossed, we can pray loudly and often that this year will be better, or we can choose to be actively engaged in making it better. That's my choice, to see what I can do to make it better and is the choice of the other leaders in Chapters, District and Team GWRRA. We are asking you, the Members, to join us.

Until a huge bonfire is created, fueled by hand sanitizer and face masks, we will play the hand that is dealt. Rather than make resolutions, lets make a wants list.

1. Engage all our Members, active and not-so-active.
2. Bring in fresh faces, new Members.
3. Ride, ride, and more rides.
4. Renew the joy of gathering together.

Has it been a while since you attended a gathering? There are new restaurants to try and fresh faces to meet. Check the location list as a few Chapters have moved.

The Ride Coordinators are looking for suggestions for rides. Same old rides are a thing of the past. You know you have a place on your bucket list you'd like to ride to or one that merits a return visit, bringing your Chapter with you.

Rallies and Chapter events are back! Poker Runs, Fall Sprawls and Crazy Suppers, to name a few. Wingless Weekend promises to be a blast. All the information is in the newsletter.

Doesn't matter what you ride. Doesn't matter if you still ride. Only matters that we enjoy each other's company. Be part of the plan to make 2022 spectacular!

The District Team wishes you a happy and healthy 2022.

Speak Up And Make A Difference!

Often when we participate in groups – be it benevolent associations, work meetings, or GWRRA functions – we find ourselves thinking of a good idea, then say to ourselves, “Naaah – they’d never go for that.” So we keep it to ourselves, and don’t share it. We all do this to some extent; it’s human nature. We tell ourselves – they’ll think it’s dumb. I would make myself look foolish. I’m new here and no one would pay attention to my ideas. Surely someone else has already brought this up? It’s corny, expensive, immature, unrealistic, or against some rule.

The fact of the matter is that in every case, you SHOULD speak up! Organizations of every stripe, especially GWRRA, are *eager* for your input and ideas. Part of teamwork is sharing your ideas – no one individual, however talented and creative, can have *all* the ideas. Your Chapter Team needs your input – and that of all Chapter participants – so that they can plan activities YOU are interested in. Yes, you’re free to just sit back and take it all in – and many do – but this ain’t like watching football on TV. GWRRA membership is not a spectator sport! You’ll get a lot more out of your Chapter, and your membership in GWRRA, if you’re vocal about your likes, dislikes, and ideas you have for everybody to have FUN!

About a year ago, a participant in a nearby Chapter left closing ceremonies at a District Rally clearly dissatisfied. She was heard to say, “Why can’t *our* Chapter win something?”. Other Chapters had walked away with honors for Best Chapter Shirt, Most in Attendance at the Rally, Chapter of the Year, Chapter Challenge, you name it.

Other Members in her Chapter heard her as well. We don’t know what discussions may have taken place, but over the year they became much more active. We started seeing many more of them at functions both inside and outside of the District. And we have seen them having more FUN!

The Iron Clad Wings

Our Mission Statement: RIDE & GROW

Respect all motorcycle riders and motorists

Inspire members to participate in the Levels Program.

Dedicated towards providing a family atmosphere so everyone has fun.

Educate our members about new innovations regarding riding, safety, and about GWRRA.

&

Give back to the community, resulting in a positive image of motorcyclists.

Relax, and enjoy the ride!

Offer assistance and encourage participation by all members.

Work with members by assisting them in achieving their goals.

So, what are we really saying...

We don't discriminate; all types of motorcycles are welcome. If your friends are looking for a group to ride with, that believes in and practices safety, we are that group. Respect drivers by being courteous with our lights and riding style.

We want all our members to participate in the Rider Education (Levels) program. The Levels Program allows members to advance from Level 1 (Committed to Safety) to Level 4 (Safety By Enhanced Commitment and Preparedness), also known as Master Tour Rider. As our members gain experience and miles, we inspire them to advance to the next level.

We are a family association; we are dedicated to providing a fun and friendly atmosphere to members and visitors of all ages. We strive to make every event fun.

Chapter L is dedicated to educating our members and visitors about motorcycling. We do this by having training provided by certified trainers that have graduated from Gold Wing University. We educate members about riding alone, with a co-rider, and in a group. We educate on riding as a team, pulling trailers, crash scene response, leadership, fun events, advances in motorcycling, and much more. Our trainers are evaluated by senior trainers to ensure they remain up-to-date regarding motorcycling.

Not all motorcyclists are the same; we strive to present a positive image to the public. We inform the public about what our association stands for; Friends, Fun, Safety, & Knowledge. We are a part of the community and want the community to be a part of us.

Have fun and enjoy riding with Chapter L. We want all of our riders to relax and enjoy the ride while being among friends that share your passion... riding.

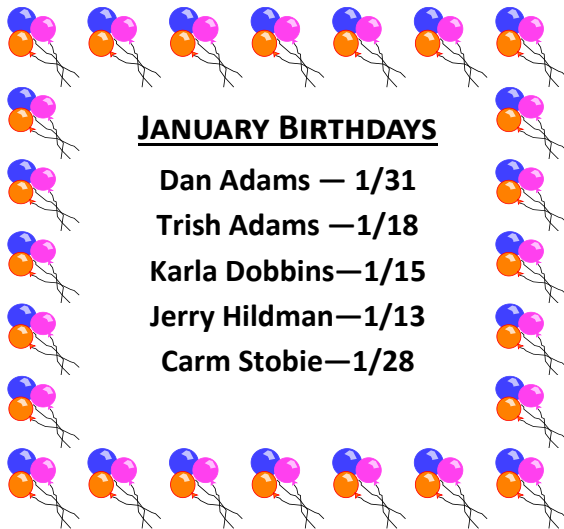

It takes everyone to make the Chapter successful. But what is the definition of **successful**? Successful means the Chapter is fun. Successful means the Chapter rides a multitude of routes with varying distances. Successful means people want the Chapter to thrive. Successful means people ask "what can I do to help..." Successful means our membership thrives. In other words, we cannot be successful without you. Participation from all members results in the Chapter being successful.

Have you achieved your goals you've set? Regardless whether your goals involve motorcycling or are professional, chances are, there is someone in the Chapter that wants to assist you in achieving your goals. Our goal is to assist you in achieving your goal.

Our Motto: RIDE and GROW with VA-L

TOURING TRAILS—WINTER RIDING

By Karen Bottoni, VA-L Member

The winter season is upon us and that itch to get out and ride is really getting to be self absorbing. There are some great riding times to be had out there riding along in the cool brisk air feeling all that horsepower develop in the winter coolness.

But with the season comes some different riding challenges and obstacles that we have to keep in mind. A few of these mental challenges and physical obstacles we will need to consider are the age old battle of the right wrist. After riding infrequently for the past few months we have to remember our skills have gone the same way as the foliage. They have become dormant or nonexistent. The only muscle memory is the endorphin rush of the right wrist as it yanks the throttle WFO. If we can temper that addictive nature to more rational behavior we will have time to let the skills catch up to our velocity.

Another mental challenge we encounter during the winter months is our shortsightedness, and I'm not talking about that which comes with the passing of years. The shortsightedness we are addressing is our inability to look down the road far enough to be able to react to all the obstacles we just know are out there, waiting to throw us to the ground during our winter ride. Fallen leaves, that miscellaneous bit of trash we see on the side of the road ready to blow into our lane, or that lazy eyed driver in the big steel cage who is just not expecting to see a motorcycle out this time of year. These are but a few of our favorite things.

Some of the worst offenders are those big white strips on the road at intersections. In the summer they had pretty good traction on them and were dry as can be. Now they have been wet long enough to take on that light whitish-green hue that indicates alien life forms have found a home and created the great mucus effect of being slipperier than snot. My personal favorite is that little white fog line along the right side of the highway. I just love to rocket along at mach speed in the summer time as close as possible, challenging myself to be consistent and smooth in my big sweeping right hander. In the winter wet they become real sphincter checkers as that front tire slides and dances with little concern for my newly formed seat contours. Beware of the white—brings on a whole new meaning in the winter.

Lastly remember that white foamy looking stuff on the wet rainy road that reminds us of soap scum is really oil that has emulsified in the rain. Beware there is more lurking on the roadway that hasn't been mixed up yet and really reduces that traction coefficient.

So don't forget that at this time of year conditions can be challenging and temperatures can be pretty cool. Remember to dress extra warm. If you aren't sweating by the time you get on the bike for your ride you haven't dressed warm enough. Something simple to remember the ole wind chill equation 40 degrees at 40 mph is really cold. I know there are a number of obvious items I haven't mentioned but don't let winter months keep you from taking that short 30 minute ride to your favorite coffee stop to meet friends and catch up on all those stories.

Enjoy the winter riding and watch out for that right wrist twist.
