

Congratulations on Receiving Your Certification!

You have successfully completed the Liftoff Certifications Forklift Operator Safety and Training Course, which are the formal instructions required to safely operate a powered industrial truck. Below are the final requirements for you to be considered fully certified:

PRACTICAL TRAINING AND EXAMINATION

Your employer will require that you complete practical training, which includes demonstrations performed by a knowledgeable and experienced trainer and practical exercises performed by you. The card below includes an area for your trainer to confirm the completion of your practical training.

PRINT, CUT AND FOLD CARD

Once signed by your practical exam trainer, the card below certifies that you completed the training required to safely operate a powered industrial truck. This card will fit snugly in your wallet.

SMILE - YOU'RE CERTIFIED!

You are considered compliant and certified for 3 years from your issue date. We look forward to seeing you back in 3 years when you will complete a recertification.
