

THE CORNER PUB OF CHINATOWN

BEFORE

AFTER

The Corner Pub of Chinatown (Leather District - Boston, MA)

When the client purchased an established "neighborhood" pub in Boston's Leather District, the main focus was to significantly improve the interior without alienating the local/current patrons, while drawing new patrons.

Significant improvements such as remodeling the kitchen and brightening the interior allows for a comfortable, unassuming place to gather. As well, a modern color scheme and a custom bar design help reinforce the client's image.
