

RAMPART FR

REVOLUTIONARY NEW PROTECTION
FROM NASCO

NASCO Rampart FR™

Designed for long-duration rain events but perfect for every foul weather condition, the [Rampart FR](#) is an outstanding foul weather tool. Rampart jackets combine a breathable moisture barrier with a moisture management systems to engineer comfort from the inside out.

Rampart FR provides the wearer with protection from the outside in with an electrostatic dissipative shell in combination with a Polartec moisture management layer. This combination of layers includes superior arc ratings and flash-fire results using Rampart FR zonal protection design.

With industry leading:

- ASTM F1891
- NFPA 70E Level 2
- ASTM F2733
- ANSI 107 Type R, Class 3
- ASTM E96 & 1868

Protection from the outside in, Comfort from the inside out.

QUALITY

Triple needle stitched seams.

ESD

Electrostatic Dissipative material resists the build-up of static electricity.

COMFORT

Polartec® lining pulls moisture away from the body.

MATERIAL SPECIFICATIONS

Fabric	ExoGuard - 8.75 oz/yd ²
Moisture Barrier	Urethane Composite - Breathable
Inner Layer	Polartec® PowerDry - 5.2 oz/yd ²
Finished Weight	13.95 oz/yd ² (= / + .5)
Color	Fluorescent Lime Yellow
Reflective Trim	3M 9720
Electric Arc Data	
Single layer:	Arc Rating (ATPV) = 13 cal/cm ²
With Liner:	Arc Rating (ATPV) = 22 cal/cm ²
Flash Fire Data	11.7% total burn injury - 4.9% 2nd degree, 6.8% 3rd degree
Breathable Data	ASTM E96: 830 g/m ² /24hrs

AVAILABLE ITEMS

NASCO has the ability to create high quality corporate images using ink silk-screening, single and multi-color heat transfers and reflective logos using 3M Scotchlite™ technologies.

8503JFY

3-piece set in sleeve three-needle stitched and taped seams on jacket, roll down 3-piece hood/collar(Velcro rolldown) finished hem on hood, barrel locks on elastic hood cord, zipper front with Velcro closure fronts and stitched inner fly, 2 front inside pockets with facings, elastic back at waist with regular hemmed fronts, 3M Scotchlite™, sleeve takeups with tabs and Velcro, fall protection access with welt, anti-wicking at bottoms and sleeves attached to a permanent liner.

8500TFY

Plain front bib overall, three-needle stitched and taped seams, lined top, side takeup adjustments with deluxe tabs, leg zippers with underfly and zipper hood, takeup tabs at bottom of cuffs, and FR black elastic with quick-release buckles, and 3M Scotchlite™.

8501PFY

Elastic waist, fly front, three-needle stitched and taped seams, leg zippers with underfly and zipper hood, takeup tabs at bottom of cuffs, 3M Scotchlite(TM).

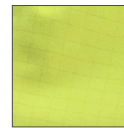

All NASCO raingear patterns are digitally mastered and cut ensuring you get the right size garment every time.

FEATURES & BENEFITS

- ANSI 107 Type R, Class 3
- Fall Protection Access
- Stain & Soil Release
- Electric Arc Resistant
- Flash Fire Resistant
- Waterproof
- Breathable
- Reduces Worker Heat Stress
- Wind-Proof
- Designed With Premier Features

RECOMMENDED APPLICATIONS

- Gas & Electric Utility
- Telecommunication & CATV Workers
- Storm Restoration
- Electrical Maintenance
- Meter Service
- Electrical Switching
