For March Emergency Response:

For the month of March, there were a total of **39** fire calls.

For the month of March, there were total of **45 911** EMS calls with **32** Transports and **13** non-transports. Of the transports, there were **30** ALS and **02** BLS calls.

In addition, there were **56** facility transfers completed.

For the month of March there were a total of **101** EMS runs.

ALS- Advanced Life Support

BLS- Basic Life Support

Average response time for the month was **08** minutes and **11** seconds. This is a door-to-door time.

Emergency Vehicles:

B-22: Apparatus is being checked daily without any major issues to report. Apparatus will be scheduled for suspension and brake work in April.

B-21B (New Heavy): Apparatus is being checked daily without any major issues to report. Failed door latch hardware was replaced in house.

2 ½ Ton 22 B: Apparatus is being checked daily and is in Service without any major issues to report.

E-22: No change in status. We are still working with third party re sale vendors to secure a buyer.

E-21: OOS No change. Once the engine work is complete, the apparatus will likely return to us to use until the repairs on Tender are complete.

Loaner Engine: Apparatus is being checked daily without any major issues to report. We are responsible for any repairs while it is in our possession.

T-22: Apparatus is being checked daily and is in service. Deep South has approved Siddons to complete the warranty work needed to replace the cracked tank. The next step is that Deep South and Siddons have to agree on the repair bill.

M-23: Unit is being checked daily and is in service.

M-22: The medic unit is being checked daily and is in service.

M-21 (New Medic Unit): Unit is being checked daily without any major issues to report.

Rescue 22: Apparatus is being checked daily and is in service. This unit is currently being temporarily utilized as a Command unit. Parts have been ordered for suspension and brake system repairs.

MISC:

The order for the new pumper/tender has been placed with Siddons and is under construction.

Personnel:

With the raise and benefit package roll out, we have begun to finally have relief from staffing hardships.

Administration:

Nothing to report at this time

Training:

Fire

Crews reviewed and trained on the following:

- Search & Rescue
- Water Supply
- Pump Operations
- Ground Ladders
- Proper K12 & Chainsaw usage
- Extrication techniques
- SCBA Maintenance
- Proper cribbing usage
- Class A Foam operations

EMS

Crews reviewed and trained on the following:

- Basic Airway
- 4 & 12 lead placement
- 02 Cascade system operations
- Pharmacology
- Lucas Device operations
- Spinal immobilization
- Proper CAD & Radio use
- Pedi Bag familiarization

Station:

Any public walk ups to the department are being redirected to the front doors instead on leaving the apparatus bays open. This is to ensure health safety for both the public and the personnel.

Grants/Donations:

Nothing to report at this time

Public Relations:

Fire: Our biggest obstacle remains to be the age and condition of apparatus and equipment, leaving more equipment out of service than in service. This has begun to cause a decrease in the quality of relationships with surrounding departments.

EMS:

The Standard Medical Operating Protocols are currently in the final review stage. Once thoroughly cleared for any errors or adjustments, we will launch them. A soft launch has already been completed so that the staff may begin studying them.

Misc.: A major focus point of the department remains to create a strong professional working relationship with surrounding departments and increase the number of local volunteers.
