

## Shower Department FAQ's:

### **What is your lead time?**

Our lead time is typically about 1-2 weeks. (Longer lead time may occur if any hardware is on back order and if this is the case, we will notify asap to let you know the estimate time frame or discuss other alternatives)

### **Does the shower glass come with any protective glass coating to help eliminate water spots?**

Yes, we do offer an EnduroShield coating to help eliminate water spots and build up. You can learn more about [EnduroShield HERE](#). Just let us know you would like to add this service!

### **Is there a warranty?**

All our work is custom fit, installed by one of our trained technician professionals and backed by a one year warranty.

### **How tall is the glass for shower enclosures?**

Our glass work is custom for the opening; Typically, the glass would be just above the shower head unless it is a steam unit and, in this case, it would go to the ceiling with or without a transom.

### **Are there hardware styles and finish/color options?**

Yes, there are many options to choose from. Please let us know what you are looking for and we are happy to provide you with different finish and hardware options to help you decide which are best for your project.

### **What is the difference between custom showers and something I would buy at a local hardware store (i.e., Home Depot or Lowe's)?**

All our work is a custom fit, installed by one of our trained technician professionals and backed by a one year warranty.

If you have any other questions not listed here or would like to know more about one of these topics, please reach out to us at [info@alldayglass.com](mailto:info@alldayglass.com) or give us a call at (714) 944-1686.

Thank you!
