A large tree with vibrant orange and red autumn foliage stands in a residential yard. The tree is the central focus, with its branches spreading out. In the background, there is a light blue house with white shutters and a white fence. The sky is overcast and grey. The ground is covered with fallen orange leaves.

Thanksgiving  
begins when  
we give our hearts  
to Christ**

The thing about a journey is that it keeps going, whether we decide to participate in it or not. Roads will become available, opportunities will begin to open, doors will most definitely close.....this is life.

We all reach different stages in our lives, I believe that I am in the discovery stage! A stage of discovering that there is more to my life than I had knowledge of. It seems as if every time I ask, "Angel who are you, and God who have you created me to become, He reveals something else through the spiritual, ministry gifts & talents He one day placed within me. It is amazing how He keeps introducing me to me~

I pray that many will catch that last sentence in their own lives. There is more to your life than you can ever think or image~ When God was creating and fashioning you, o' what a marvelous work indeed. And you know what, He is not finished yet!

There is more to come, you just wait and see. And as with me, I know that you too will be amazed at how He will place in you what will bring Him glory & honor.....the beauty that He saw in the very beginning as THEY saw & spoke the world into existence!

Believe the report of the Lord..... He saw that His work was GOOD~

I love each of You without measure, simply because I believe in the potential of YOU!

***FEATURED 3 PART ARTICLE: LEAD ME FAITH!***

We are going to divide this One topic into three sections!

Let me start by saying the title is not speaking to my faith per say, through the Word of God, we are going to connect the title to leadership. Sometimes, the Holy Spirit will allow a willing vessel to hear the inner cries of the people or the actual conversations/concerns or some might call it murmurings of the people. And so, I want to share with you, what has been released for my ‘spiritual hearing’; “Where are we going with all this talk about Jesus. Where is it going to take me”? And as I could hear these words of concerns, the words ‘Leading You to Better’ hit my spirit. If we would allow the man or woman of God to share with us the Word from God, it will lead us to better. The Word that has been sent to them for you and I is meant to give us some instructions on how to deal with or how to handle whatever it is that we are facing. When we have a problem there is in fact an answer, and the manifestation of the solution actually coming to pass comes through our Faith to be Obedient or Obedient Faith.

Let’s take a look at a few examples from the Word of God as the basis of how leadership has been placed in a position to seek the Counsel of the Lord concerning those that have been placed in their spiritual fold. Let me back up by saying this, once a vessel has been given the assignment of Shepard, they have also been given spiritual authority to present that individual before Christ, cover them in prayer, intercede on their behalf, feed them spiritually as well as ask for Godly Counsel for them. Ok, now we can move forward.

## ***SECTION 1: PROBLEM OF HAVING A DEBT: 2 KINGS 4:1~7***

We have a woman that has become a widow, and she has fallen into hard times. She has a debt that she has been unable to pay. Her credit had run out and the creditor was demanding immediate payment from her. In those times, if a person could not pay their debts, then either themselves or their children would have to become slaves until the debt was paid. Now, one thing that this woman did make known, was that her husband, when alive 'did fear the Lord', so there was some knowledge of God in her life. She, therefore went to the vessel that has previously led her husband to the Knowledge & Fear (Admonishment) of the Lord, for guidance. She released the trouble at hand. When the Prophet Elisha asked her; "What shall I do for thee", he was also asking for Godly Counsel from the Lord. When he asked her, what she had in her house, he already knew the answer, because he was moving according to what he was hearing from God concerning her situation.

God was about to use what she already had access to. yes, God already knows what we have, and He will use what we have to bring us/lead us out of the trials and tribulations that we are facing here, he was using her FAITH that led her to the Leadership that would lead by Godly Counsel.

Next comes the instructions to use what you already have; this brings in the components of Faith by Obedience.

What the Prophet advises her to do sounded preposterous, how in the world is what you are saying going to help me NOW! But just wait, because it will.....it the Obedience to the Godly Counsel that will produce what we need. So, if I come to the one that has been given the authority by God Almighty, then I must trust that THIS COUNSEL is GOOD for THIS! Verses 3 &4 are very important, because it is where the instructions have been released but verse 5 carries a greater weight, because it is dealing with the Obedience of Faith. We are not finished yet, because it has to be imagined that AFTER she did as she was instructed, her thoughts were "now what do I do", I still have this debt and now a lot of oil in some pots that I will eventually have to return", and so, she returns back to the leader, the one that gave the Godly Counsel.

## ***Part I Cont'd***

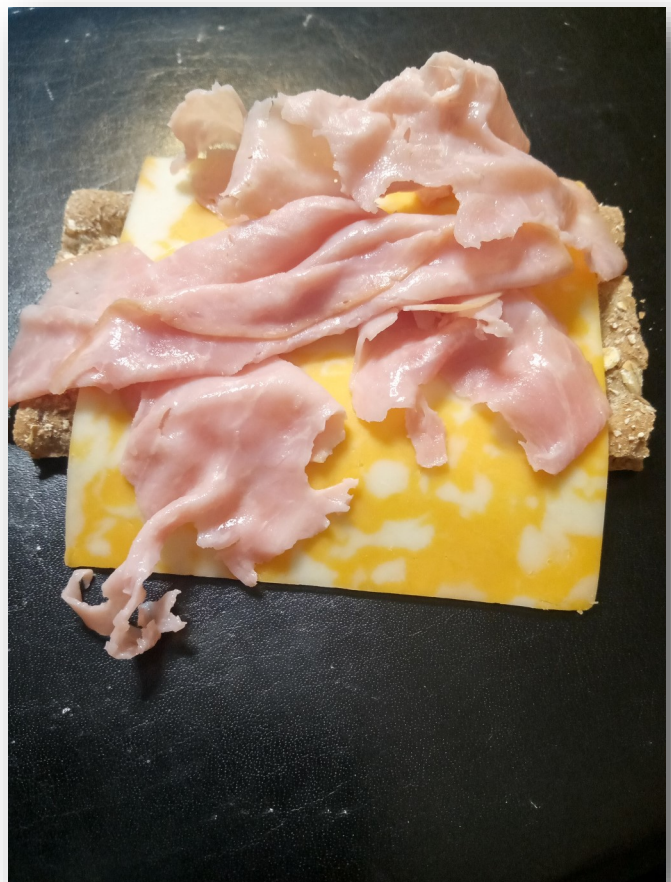

Let's take a break; her by saying, sometimes we only work through a portion of what the leadership has to offer, we don't go back and say, "ok, I have done according to your instructions, now what", we simply will say "I did what they said, and nothing happened". In this case, what to do with the oil had not been revealed in the instructions, which meant that there was more to come! It was when she returned with a report that she had followed the instructions of the leader that she would be given the next steps on how to deal with the issue of being in debt and how to come out of it.

Through her obedience to the leadership, God increased/multiplied what He knew she already had. He worked with and through her faith in the Godly Counsel released through the prophet. Not only did God show her how to use what she had to pay her debt, because of her Faith by Obedience, there was an overflow for her and her sons to live off of after the debt had been paid in full.

Sitting on the edge of the bed, thinking over my portion in this journey of life. How it seemed that the fight for this vision becomes stronger each day. Wondering WHY! And then I heard these words; “the fight is so strong against because of what you are carrying’. What you are carrying is a vision demonstrated through action/manifestations.

Many have a vision but it is in words, you are one that is carrying it out, and it is for a testimony for others, that Yes, All things are possible through Jesus Christ to them that would believe’. Then I heard, “Vision Soup”!

And yes, the next thought was, what is that. The Holy Spirit began to give me the ingredients, directions and a visual to put together!

This photo is what came before me, a big kettle pot over a fire then a bowl of soup that is meant to serve.

And with those words, it was now apparent that as the fight against you is strong, so must become your fight! When the enemy comes in like a flood, The Holy Spirit does lift up a standard. If the spiritual warfare against what God has placed within you intensifies, then you must match/surpass it. Gird up your loins vessel’s fight the good

fight, don’t shrink back in defeat, don’t coward down, but move strategically. You are more than a conqueror through Christ Jesus that strengthens you. grab your spiritual weapons of warfare and prepare for battle, against the wiles of

the rulers of the darkness of this world. The fight starts in the mind, then it tries to rest in the heart, which will become reflective in your actions! Cast it down before it gets a chance to formulate. The vision is for an appointed time but you but fight for it to survive until it’s time to be revealed!

## ***SECTION 2: IN NEED OF FOOD 1 KINGS 17:8~15***

How is that God would send this man of God, this prophet to a place that not able to take care of herself or her son yet was instructed that He had commanded a widow woman to sustain him? Sustain meaning, take care of, sharing what she had with him due to a drought in the land. Now, if there had never been a test, this surely was one for both the prophet and the widow woman. You mean to tell me that I have barely enough for me, my son but you want me to do what Lord! Those words are not written but somewhere they have been spoken. So, the prophet does as he has been instructed, let me insert this important fact about God, when he is ready to bring you through the crisis that you are facing, he will send an unlikely source and ask you to do something that to the natural is impossible. Ok, now the prophet arrives at a place where is about to meet his next assignment for the first time and he makes a request of her. Sometimes, God will use this method so we may make known our need! Yes, God already knows what we have need of but he will also place in an alignment with a vessel that will pray for us about that need once they are aware of it.

The prophet made a request for one of his needs, he was thirsty...but that was not her need....she needed food. God does send someone to pray you through for what you already have but for you are in need of, as you can see she went to get him the watcher which she access too and some to share. Now the next thing he felt in his spirit was connected to her need.....he became hungry, and her need was food, yet God said she would be the one to sustain him during this next season. As the prophet asked for a morsal of bread, her honesty that she was about to use what she had and that was her last is where we should be, becoming honest with God because he already knows. God sent this prophet for this purpose as well as the restoration of life for her son, but in this session, we only want to focus on the need of food. Here, the man of God did something that is all about faith, he heard what she said about only having enough for the last time, yet he said go ahead along with a prophetic word of promise. You see, once again the prophet was sent to her that her need would be met, and that God's word would be fulfilled.

## ***Part II Cont'd***

You see, once again the prophet was sent to her that her need would be met, and that God's word would be fulfilled. You ever been in a place and asked; "Lord, how am I going to help them, and I can barely help myself or vice versa; Lord how are they going to help me, and they don't have enough for themselves. God has a plan either way. Nevertheless, she went and did according to what she was instructed to do by faith. It was by her obedience in faith that the word spoken by the prophet was established. Before the prophet went, the word of promise had been released, the need had already caught God's attention and in his timing, he gave the answer of what to do. I just want you to know that your needs are before the Lord. He has not ignored your needs; watch how he moves. Not everyone that asks you of something is trying to get in your business, this could very well become the avenue in which He was to supply that Need!

### ***SECTION 3: MY HEALTH IS NOT AT IT'S BEST RIGHT NOW 2 KINGS 5:1~14***

“God, I am in need of healing in my body; the doctors have diagnosed me with”....., does those words sound familiar? For many the answer is yes. Let me assure you that God is concerned with our total being. Here we want to take a look at the health of our natural bodies. It does not matter the length of time that we deal with issues in our bodies, it is the desire of our Father that we have good health and prosper.

In bible times, a leper was an outcast but this particular one was an exception to those rules. In fact, he was a man of honor and valor, was married, and even has a servant or two. Now, with that being said, who wanted him to be healed? It apparently did not hinder his way of life, so this tells me that this situation came up for the Lord to make known his power and authority, that He had no respect of persons of whom he would heal or whom he would not and at his own perfected timing. The example of Naaman was about humility, faith and following instructions, heavy on the humility part though. So, there was a problem and then there were some instructions, but the instructions were first rejected because they were basic! The instructions did not match were he, Naaman thought he was.

He thought he would get some special instructions because of who he was in the natural, but in the eyes of God Almighty, there is no male or female, no one higher than the other, it our FAITH that pleases him, not our positions. And so, even today if we are instructed to get some additional rest to say, take the pressure from our legs, we will grumble at that by saying; what, that’s all? No medicine or wrap to keep my leg in place just rest. Oh, I could have thought of that on my own.” But we didn’t. and when we ignore those simple instructions, we will find that nothing has changed, or things only progressed. This man almost lost his chance to be made whole as well as the chance to know God as a healer because he did not like the way the instructions were given to him nor did he like the instructions. Oh, my God, please do not miss out your healing because you do not like the vessel by which it is coming through or because you might feel that those instructions are beneath where you think you are.

### Part III Cont'd

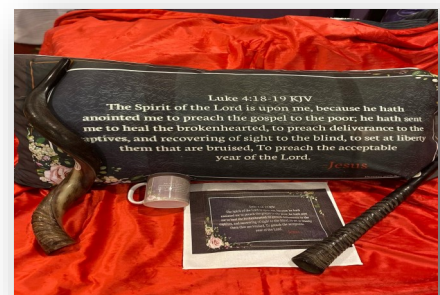

And while God was healing his flesh he was humbling his spirit. Many have forfeited their healing because of this and even less. Whatever you are facing with your body, as you are praying, just know that God will release a set of instructions that are for benefits. Yet our prayers must become specific, ask the Holy Spirit to reveal to your doctors just who you are, you are just another patient or a statistic, let them see you as an individual, pray that the Holy Spirit will lead them to the care that is suited for you, not them! Now, when we receive these instructions, and we are living by faith and not by sight, let us move in obedience as well. Believing Romans 8:28 and Hebrews 11:6.

I pray that this three part series has been food unto your soul and a light to your path~

## *WHAT IS BEHIND ME*

*Greetings* to each of you on behalf of the

*Most High God and our Lord & Savior.*

It is our prayer and thoughts that your day is being shaped according to the will of God for your life in this season.

I would like to jump right into our Life's Application this week as it is our desire to speak to your purpose some words that are designed to encourage you to examine all of you and not just the parts that you can see!

And so, I would like for you to see yourself standing in front of a mirror, it could be just the mirror in the bathroom or even a full-length mirror. Now, I would like for you to go through the process of preparing yourself to go out for the day. Now, if we were to all face the truth then we will admit that our main focus is on the front....what we can see. Some of us, will take a glance at the back but it does not receive the same attention that the front received. In fact, the back takes a little more work because the angle must be exactly right, and the mirror has to be clear so that you know what you are looking for. If we were to take it a little further some of us have neglected to cover the back because it felt like it was right! We did not look, because it felt.....

And so, if you would go with me in the spiritual realm, it will help us with the way that we make sure that we are fully covered. This will help us to stop focusing on what the natural eyes can see and to focus on what is being exposed because we have set our minds on what we want OTHERS to see.

As we are developing into our purpose here on earth as it is in heaven, it is important to check all of the angles of your foundation.

If you would allow me to offer a moment of transparency, I had a moment that I thought I was ready to go but the back of me did not match what was in front of me and so my back was exposed to things that tried to fix me or to represent me. Our true representation does come from what we see but what is revealed when others look beyond our surface, and long after what we wanted them to see has vanished.....Here's is where I feel a shift in my spirit to ask, what is behind you? What is pushing you forward to keep you looking good and prepared when you are presented among men?

***DESSERT...BREAKFAST  
OR BREAKFAST DESSERT.....  
Either way it has my vote to enjoy!***

## What is behind me cont'd

It is time for a true foundation. It is time to examine all that you want presented before me before the uncovering of what is really beneath the surface is exposed. It is time to check your covering and to make sure that all has balanced, that what you put out front is in deed what is behind your push, your purpose, your dream, your vision, and your agenda!

I will leave you with this.....as I ask myself.....What's behind ME!  
I am not speaking of the things that we try and cover up but the things that have been neglected!

## **OPEN THE DOOR**

Often times we have a desire or even an expectation for great things to come into our lives but the door to our mind and heart has not opened, it is till closed. And what we have prayed for is standing right there, waiting for us to open up.

And you know what, My prayers are changing as I ask God to give me the mindset to prepare for the things that I have asked for. It's not that I don't believe that He will hear and answer me, it was that mentally I simply was not ready to receive it~.

And what I have come to realize is that as my prayers are changing, that a space is being made within me, that is making room for what is coming.

Not only that but I am asking God to condition my heart that it may become cheerful with joy. Afterall, I don't want what I am expecting to turn and walk away because there was a not good reception upon arrival.

This is having an open door to the things that I know that God has placed in my heart, He is preparing me for Something that I Can't handle RIGHT

NOW, WHEW....that took a lot to say but I am glad I said it!

Are you open to the things of God? Don't just pray about it, but prepare to receive it with joy, gratitude and with thanksgiving. Allow God to remove the stone from your heart and the hurt from your eyes of imagination, because what God has instore for those that love Him, eyes have not seen, nor ears have heard the greatness that is about to come your way. But the door must be opened when that blessing comes knocking~  
Be Blessed~

## **MINISTRY SUPPORTIVE**

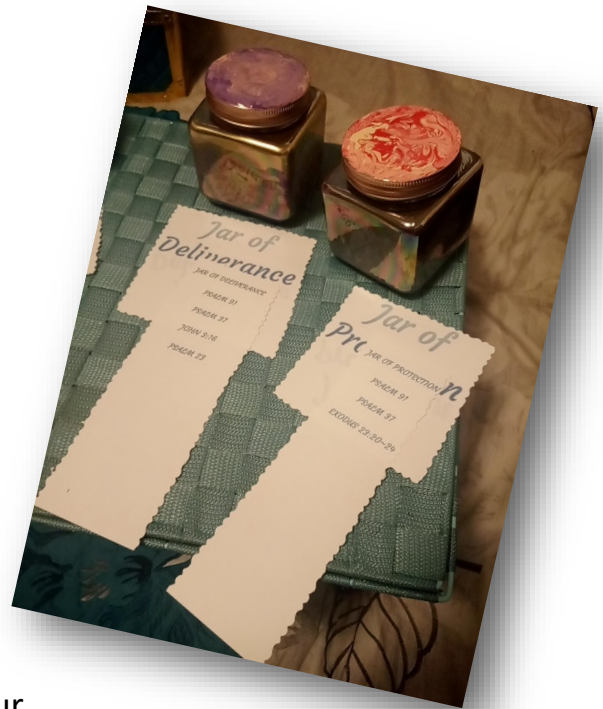

For a while now, we have been praying about being able to sow a seed in other areas., such as in outreach ministry. This is not the first time that this desire has been presented in our hearts, it is now that we are acting upon that desire and moving forward.

It is our belief that God will send you in the areas in which you have been given the talent or exercise the gift. Our area is in words of encouragement, and through this avenue we have started A Greeting Card Ministry. We have been blessed to partner with an organization that has several locations. We started with one of their facilities and starting this month, we will distribute a greeting card to the residents. The greeting cards have spiritual words of encouragement.

During the processing of preparing for this ministry outreach, I was reminded of Jesus' words in Luke 10:2, talking about the harvest is plenteous, but the laborers are few; it was this ministry's time to move from thinking about it and to do the labor of sewing a seed on another level. As a matter of fact, something just came back to my remembrance; one Saturday, the Holy Spirit spoke to me and said, "you have to learn how to feed a multitude". My thoughts went to the 2 fish and five loaves of bread that is mentioned in Mark 6:41, it was the process that Jesus took; blessing, breaking then giving that I was focusing on. I thought it was for another area, and it very well may be, but what we have been invited to do by God is for a multitude of His choosing! And then a week or so later, we begin to make steps towards feeding a multitude.

Another thing that occurred during this process, is God would not allow us to pull on another to make the connections nor where we allowed to go to any places that our affiliates were already established. And so, we has to trust God's guidance totally.....by faith. We ask that you continue to keep this ministry in your prayers as we look for more invitations from God to do His Will upon the earth!

If you know of an organization or persons that would benefit from this portion of our ministry, please contact us at [AFERGUSONMINISTRIES@GMAILCOM](mailto:AFERGUSONMINISTRIES@GMAILCOM). Please note, that there is no financial obligation for the Greeting Card Ministry distribution.

Is there someone that you would like to add to our Greeting Card Ministry?

Or for any of the Broken To Be Created Ministry items? Simply contact us at 856-521-3475 or by email [AFERGUSONMINISTRIES@GMAIL.COM](mailto:AFERGUSONMINISTRIES@GMAIL.COM) & give us the details!

## **LET'S MARKET!**

We all know that a ministry and business will cross the line of (1) making sure that there are tracks available for distribution and (2) watching the budget. We came across from budget friendly ideas that we have used in the past as well as currently. Inspirational Note Cards: materials needed:

Cardstock (your color choice) your laptop/computer. Your printer. Your words of inspiration/scripture text/business/ministry information. Your creativity!

Create a mid-sized card with what you have been led to include. Now, there are several ways to get more than one marketable product from this one idea.

Make sure that you can fit a least 5 of the mid-sized cards on a sheet. Then print on the TRUE BLOCK shipping labels. We normally get 5 and there are 10 sheets per package which will give us 50 stickers to give with new member/visitor packets or with other ministry tools. And with business, one to a customer or potential customer. Or just print on a good heavy card stock, and just pass them out in the same manner as note cards. Take it a step further and punch a hole in the upper corner and make a bookmark. And my favorite, attach the midsize card to a magnet, and yes, another marketing product. This is something that you can do once a month or as needed. You can even make it into a larger size such as 4x6 or 5x7, place on a magnet and it becomes a keepsake.

We are sharing this information because, it does not matter the size of your organization, it is the impact that it makes when present! You can give the same powerful presentation as others that operate on a larger scale. These ideals are limited to organization size. If we would allow the Holy Spirit to lead us in these areas, what we will find is that is no difference, just the mindset! Happy Marketing.

## **REACHABLE**

SCRIPTURE EXPLORATIONS:

( MAIN TEXT) PSALM 107:20

( EXAMPLE) 2 KINGS 20

(EXAMPLE) JOHN 1<sup>ST</sup>

Lead me to a Word that will produce deliverance in my life.

Deliverance from sabotaging my goals, my dreams, my God assignments, my relationships~ my salvation.

Lead me to a Word that will encourage my heart, increase my faith, renew my mind, and draw me closer to you, that my eyes are opened to the truth and that my ears become attentive to your voice Lord.

Holy Spirit draw me with the Word that has released specifically by God for me and my circumstances that I may live my life as being continually renewed, which is the hope of my calling~ that I may be a vessel that is being prepared to return with Christ Jesus, the Messiah when he returns for me~ I want to be one of those that are numbered and named in the book of life that has ~GOOD AND FAITHFUL SERVANT next to it.

Lord I am not just looking for any word, but an anointed word~ released by God through the Holy Spirit~ a word that is specific to me~ that will draw me away from~ that will cast out anything from my spirit, my heart and my mind that is not Christ like, I want to be whole and not broken.

DELIVER ME FROM THE THINGS THAT WILL BLOCK MY CHANCE OF RETURNING WITH CHRIST

Let's look at: Psalms 107:20

“ I sent my word to heal your diseases”. And that word is Jesus, that through him thou shalt be made whole.

And is what Elijah did with Namaan, he sent him a “word”/instructions, that would heal his disease.

Let's look at an example in 2 Kings 20.

As Isaiah was instructed with King Hezekiah, to give him a word of healing and recovery as well as an extension of life, because the king turned to God.

I believe that through my searching God for a Word, that he is saying, not just for me but through me for you; I sent something~ I sent my WORD. Not just any word but MY WORD! THE PRODUCER OF LIFE”

I am going to send something that has never been sent before~ something that no one can call common. I am going to take my WORD, my Thoughts that are towards you and I am going to cause my word to walk among men. I'm going to cause my word to become very present in your presence.

Read ( John 1<sup>st</sup> chapter)

This is nothing one can ignore because I'm going to cause some people to experience handling my word by talking with my word face to face, traveling with him in different places, hearing him speak, seeing him lay hands on the sick, hearing him cast out demons, watch him give sight to the blind, watching him declare his obedience to me the Father. And what I wanted them to know is that no matter how many have tried or will try~ they can never destroy my word. They couldn't even destroy his flesh- let alone the word- the word will always rise in obedience to God- the one that sent it. Remember Isaiah 55, God said that his word, that he has sent will not return unto him void but will accomplish that which he sent it to do, he was talking about Jesus! Jesus is that seed that he would send, give to the sower. Through Jesus we produce more spiritual life and light, more fruit of the spirit.

Jesus spoke to their infirmities not their flesh- he spoke directly to the demonic strongholds not to the flesh. He spoke to the need of the spirit not to the flesh. Because the word has some insight that the flesh cannot obtain. The word was sent for the purpose that we would believe through him, that we may have life through him that sent him, that we may have life and that we may have it more abundantly but the word will only become effective to them that would believe in Him.

Conclusion of Reachable from page 27

But the word will only become effective to them that would believe in Him.

Recently the Holy Spirit has allowed me to hear the heart of people, you, the things that matter to them in a very personal way; the things that they are crying about in private yet carry a proud smile in public. And it was if I could hear someone saying; “I wonder if the Word has an answer for this thing that has been troubling me. I think, I will go out to see what the Word will do and say”. Yes, many are looking for the Word to come forth, yet it is all according what each person does with the Word once it has been released. Yes, many are searching, some in the wrong place, some in the right place, just know that whenever there is search, THE WORD APPEARS!

The Word will do just what it has said it would do-for me and you. it will reach for you as you reach for it. The one great thing about the Word, is it will not hide from you~

### ***My Financial Literacy***

Make every cent count because it is worth it! Our dollars are being stretched beyond what we receive in return, so being cautious is needed like never before. And like many of us, we are wondering exactly where can we trim our spending, in hopes of putting something away for a rainy day. Below we have listed a few suggestions and if you have some that are not listed, please feel free to email us and we most definitely share them.

1. Phone data plans. Check to see if you really are using that phone plan and all of those features. This will affect those that have others on their phone plans, but if it is just you and it is connected to your personal, ministry & business, try using a Google number for free. You can make calls from your computer, receive voice messages and texts.
2. Just spoke with my mother Pastor Wilson, and mentioned the dollar isle at the Dollar General stores. If you are used to stocking up, the larger stores are raising prices for the same sized products, here you can do the same thing and save a few bucks in exchange.
3. As the end of the year is approaching, don't forget there is still time to make some donations. This will help with your taxes.
4. I love shopping! But sometimes, just give your wardrobe a make over. Place the garments with something different, re coordinate those accessories, and if your wardrobe looks like mine or like others that I have seen, there are some things that have not been worn in 6 months or even a year! Save some money are learn to look for fresh ideas. Use this same idea for redecorating, move items from one area to another & reassemble them. Or create the pieces that you want for less! ~ see suggestion on page 32
