

The Lost

There are some people
That are searching for
`Something much more
That they need
In order to survive
So go on your way
Into my basket case
And you'll see
Just what I'll be
And I don't need
Your support
Cause I got my family
And we will be
Something great
So go on your way
And maybe pray
And may the lost
Find the sun
And may the lost
Find the stars
Because they can
Be great
And we can
Be so great

And let it be
So simple
And let it be
So fixable
And let it be
So simple
And let it be
So fixable

And may the lost
Find the sun
And may the lost
Find the stars
Because they can
Be great
And we can
Be so great
