V-Lounge Specification & Features

1. Specifications

- Total Area: 120 Sqm
- Bar Seats: 12 persons
- Sitting Areas: 7 x 8 = 56 persons
- Total Height: 6 m
- Water Draft: -30 cm / +45 cm
- Displacement: 10,000 kg
- Suitable for: Sheltered bays with wave heights up to 2 feet
- Anchoring: 4 specialized anchors for secure mooring included

2. Construction Material & Features

- Structure: Made of marine-grade aluminum, welded for optimal integrity and durability in marine environments
- Decking: WPC (Wood Plastic Composite) decking, which is waterproof and offers the beauty of wood with superior durability
- Seats: Constructed from fiberglass with marine-grade waterproof upholstery, designed to withstand harsh marine conditions
- Lighting: Ambient LED lights to create the perfect atmosphere, with the option of solar-powered lighting for energy efficiency
- Swim Ladder: Easy-access swim ladder equipped with a stainless steel handrail for safe and comfortable boarding
- Columns: Premium powder-coated aluminum columns provide strength and weather resistance, while contributing to the lounge's modern aesthetic
- Center Bar: Equipped with a luxurious Corian marble top, perfect for entertaining guests.
- Storage Solutions: Ample cabinets for storing essentials and more.
- Appliances: Dedicated spaces for a fridge, icemaker and sink with mixer, enhancing the entertainment experience.
- Umbilical Cable Connection DB: For seamless electrical and water supply from the shore.
- Unsinkable Floatation: Engineered to ensure stability and buoyancy with unsinkable extra-large pontoons made of fiberglass coated with antifouling paint, ensuring the lounge remains afloat and clean.

3. Options

- Underwater Lights: Marine-grade 12V lights available to enhance the underwater experience.
- Customizable Ceiling: Customers can opt for a natural bamboo ceiling, which adds a warm, organic ambiance, or a high-strength canvas, known for its weather-resistant qualities.
- Outdoor Music System: An integrated system to set the mood with your favorite tunes.
- Kitchen Equipment: Offered as an optional add-on to customize the lounge's catering capabilities

4. Warranty

- The V-Marine Floating Luxury Lounge comes with a 1-year warranty from the date of installation, covering manufacturing defects and ensuring your peace of mind. The warranty does not include wear and tear or damage from misuse.

5. Production & Delivery

- Production time for the V-Marine Floating Luxury Lounge is approximately 2 months, allowing for meticulous attention to detail and quality assurance. Shipping and delivery are subject to additional charges and may vary depending on the destination. Complimentary assembly and installation services to ensure a hassle-free setup experience will be provided
