There was an additional discussion to make sure that any full receipts are kept so we can turn in for gas tax reimbursement.

Directors Report: The AWSC convention will be held March 25-27 in Green Bay - limited spots may be available, sounds like its filling up. Please make sure to turn in delegation/voting forms, these need to be turned in by the 10th. AWSC raffle tickets - \$100 each - all cash raffle - Rodney and Erica have tickets if you need/want one. Directors meeting will be held on Sunday during the Convention.

Trail Report: Levis is working on getting a complete up to date landowner list with the County – We are comparing our leases that are on file, with what the county has on file. We have some the County does not have, and vice versa. Watch out for contacts from Levi/Billy for leases that are completely missing. We will need to get these updated. At some point the County may be requesting to have bridges inspected, many other counties have already done this, Billy is working with companies that do inspections and get a pricing summary so that we can turn in against the grant. We will verify inspection is matching what is being requested, again this is not a requirement, but a request. (We have 20-23 bridges currently). Please wait to pull trail until at least the middle of the month, but if trail needs to be pulled prior to 3/31 please let Billy know so he can make sure to not open trail. Road signs need be turned by 4/15.
