**Subject:** S1471 Draft amendment - bar complaint striker

Good morning all -

Sen Kern did agree to work with us on the language of his striker bill on bar complaints. I sent him the attached suggestion, but I haven't seen any final drafting on it yet. The bill is up on today's COW calendar (along with hundreds of other bills - so I'm not sure they will get to it today, but probably before the end for the week). Will keep you posted - stay tuned!
