Subject: AZ Supreme Court draft report - Countering Disinformation
Attachments: CDTF intro DRAFT for stakeholders20200901.docx CDTF recommendations DRAFT for stakeholders20200901.docx

Your review and comments are requested by end of day Tuesday, September 8.

You were identified as the contact person for a stakeholder group by Arizona's Countering Disinformation Task Force, which I Chair. We request your feedback on the attached draft introduction/background and report and recommendations on countering disinformation against courts in Arizona.

The Task Force will meet one more time in September. We will consider our stakeholders' edits and feedback on this draft and we may have more recommendations that weren't ready yet for this draft, then we will finalize our report for the Arizona Judicial Council.

Feel free to edit this Word version in track changes or email your comments to me and I will report back to the Task Force. Also feel free to designate an individual to review or send the draft to others in your organization for comments and the Task Force will review questions and comments received by 9/8/2020. Please keep in mind this is still a draft and will change.

Thank you for your help and please let me know if you have questions.
