What is Harold's House?

We are a Children's Advocacy Center designed to minimize the trauma of child abuse victims and their families as they work with law enforcement, prosecutors, and Child Protective Services. We serve Angelina, Nacogdoches and Sabine counties. Through the expertise of our forensic interviewers, a child can tell their story once, instead of multiple times to those involved in their case. A family advocate then provides them with support, community referrals, and general information about victims' rights. The victim, as well as their family, are strongly encouraged to obtain mental health services through one of our trauma-focused counselors. If a medical exam is needed, we have on-site Sexual Assault Nurse Examiners (SANE) to perform forensic medical exams and well checks.

Harold's House also educates the community on detecting and preventing child abuse through trainings offered to any youth serving organization and school districts. We provide community parenting classes in surrounding counties in hopes of strengthening communication between parent and child.

Designer Purse Bingo 2019

We would like to thank our volunteers, attendees and donors for making our 9th annual Designer Purse Bingo a success! We hope all 1,270 attendees enjoyed the event, just as much as us!
