INTERNETGURU4U REBRANDING LAUNCH

Internetguru4u has recently undergone a rebranding, signaling a new chapter for the company after 17 years. This strategic move aims to enhance our brand identity and better connect with our audience. We are excited to unveil our fresh look and approach to serving our customers.

Our first step, a new logo was successfully created, reflecting our commitment to innovation and growth. Our brand identity is now stronger than ever, resonating with our audience and setting us apart in the market. This milestone marks a significant achievement in our journey towards excellence.

Step two is underway as we launch a social media blitz across all channels. Step three involves promoting new marketing programs, a crucial phase in reaching our target audience effectively. By showcasing our innovative strategies and offerings, we aim to create a buzz in the market and drive engagement.

Step four plays a crucial role in reaching search engines effectively by utilizing press releases like this one and company newsletters. These tools are essential for boosting visibility and attracting the target audience's attention. Keeping up with industry trends and best practices is key to achieving optimal SEO results.

InternetGuru4u President Kenneth Kessel went onto add, "This is a great time to be operating a marketing agency as small to medium sized businesses are seeing it's time to get more involved with their day to day operations. They are beginning to realize that with the help of marketing companies like InternetGuru4u they can get a great ROI. Social media and marketing in general has dramatically changed since the last time they tried it, they now realize it needs to be a part of their business model. Stay tuned for exciting updates and offerings as we continue to evolve."
