

JK Academy U14 Commitment Document

For the upcoming 2023/24 season, we have entered our JK Academy U14 team into the Surrey Primary League 'Premier Elite Division' on Sundays. We have high hopes & expectations for the team this season; and as such, we will require a certain level of commitment from our players & parents, in order to compete at this top level & achieve our targets.

We will also be entering the team into numerous Tournaments throughout the course of the season; particularly during the Summer Term, and half term breaks. Again, in order for us to be able to compete at a high level in these Tournaments, we will require the same level of commitment.

- Be available, and on time, for training every Monday evening
- Be available, and on time, for matches every Sunday (*both home & away, morning & afternoon*)
- Be available, and on time, for any Showcase Matches we arrange
- Be available for any Tournaments that we enter the team into
- Communicate all availability/unavailability ASAP

In exchange for the above level of commitment, we will be happy to offer you a Discount on your Annual Membership fees with the JK Academy.

We will be monitoring our players' attendance at training & matches during the first 7 months of the season, up to the end of March (*and of course beyond as well*).

During this period, if your child has attended at least 80% of training sessions & matches (*in which they have been selected for*), you'll then be entitled to a **THIRD OFF** of your total Annual Membership Cost.

- For example, you would pay your initial £50 'Kit Bundle/Registration Fee' - and then set up a standing order of £49 per month for your monthly membership fees, starting in September.

- If, by the end of March (the first 7 months of the season), your child has attended over 80% of the sessions/matches; you would then get the next 3 months of the season for FREE (*you'd be welcome to cancel the monthly standing order at that stage*)

- This would be on the presumption that your child continues to display the same high level of commitment for the remaining 3 months; whereby they'll be able to enjoy the same training & match opportunities, at no further cost to yourselves and partake in grassroots tournaments at no extra cost.

- This therefore works out at a total of only £343 per year (*or only £34 per month*), for the membership fees, over the course of the full 10-month season; to reward this commitment. This covers all training sessions; and all matches (*League & Showcase*) for the full season as well as grassroots tournaments during the Summer Term.

If, by the end of March, the 80% attendance target has not been achieved, then the £49 monthly standing order will need to continue, until the attendance reaches the required level. We will ensure that we communicate with you prior to this deadline, and throughout any subsequent months; to keep you informed of the attendance figures at that stage, and work with you to help achieve it.

Alternatively, if you wish to make these payments up front, then a discount of **OVER 10%** will apply. The total will therefore be a £50 sign-on fee plus £299 membership fee paid in full. Please be aware though, that if the required levels of attendance are not achieved by the end of March, then the subsequent £49 monthly payments would be required to be set up; until the attendance figures at training/matches have reached over the required 80% - as mentioned above.

If anyone has any questions regarding the above payment process for this season's JK Academy Monthly Membership, please do not hesitate to contact us.

We strongly feel that this currently successful membership structure will again achieve huge benefits for all involved; and not just because of the financial relief that it will offer you, but because of the impact on the team's improvement and success that will come from it; as proved in the previous season.

This high level of attendance and commitment will ensure that all training sessions can continue to be delivered to the highest possible quality; which will

in turn reflect in the performances of the team in their matches again this season.

This will also ensure that we have a full-strength squad available on as many occasions as possible; which will again, in turn, mean that we are able to compete with the top teams in League Matches/Tournaments – and against any Academy set ups that we arrange Showcase Matches against.

If the attendance levels and commitment remain consistently high throughout the course of the season, then this will directly translate into the success levels of the team in any of these competitions, as shown in the previous season – which is of course the ‘end goal’ of what we want to achieve with the team; and what they want to continue to achieve.

By signing the below, you acknowledge the above information regarding the Membership Fees; and the attendance requirements that you need to achieve, in order to qualify for the discounted annual costs. You also adhere to the commitment requirements of the JK Academy U14 team for this season, as stated in the above bullet points; and will endeavour to achieve these requirements whenever possible.
