

Specializing in providing complete custom interconnect solutions to our customers.

Regulation (EU) 1907/2006 Regulation, Evaluation, Authorization and Restriction (REACH) Declaration of Compliance

In June 2007, the E.U. regulation EC1907/2006 Registration, Evaluation, Authorization and restriction of Chemicals was introduced. The prohibited Substance of Very High Concern (SVHC) list can be found at the following link <https://echa.europa.eu/substances-restricted-under-reach>

REACH is the European Union's (EU) chemical regulatory framework. REACH requires A1 Cables to provide customers with sufficient information on Substances of Very High Concern (SVHC) contained in products in concentration above 0.1% weight by weight to allow safe use of the product. If the customer is a consumer we are required to pass on the information upon request by the customer within 45 days of receipt of the request.

This Declaration of Conformity represents that based on all available information known to A1 Cables up to this date, all duties under the European Union regulation no. 1907/2006 on the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) regarding the disclosure of Substances of Very High Concern (SVHC) have been fulfilled.

A1 Cables does not perform chemical analysis on raw material or end products to test for REACH compliance, but utilizes information provide by our material suppliers. As part of our due diligence, we flow down the requirement to our material suppliers. Though our continuing efforts we will strive to ensure full, consistent compliance.

A1 Cables will not be held responsible for misinformation provided by our suppliers to any incidental occurrence of banned substances should they unexpectedly appear. In such cases, A1 Cables will take all reasonable effort to determine the offending source and take corrective actions.

A1 Cables will not be held responsible for REACH compliance of custom built cables where the customer provides the bill of materials to manufacture such cables.
