top 20

Week 9 proved to be a tough week w/ the average correct picks being 8.18 out of 15 for all. We saw the fruit basket start to turn over on the leaderboard. Quite a few of the leaders struggled. However, GG Cutter scaled the mountain w/a solid week & is now tied w/Wayne Hogon for the lead. CJ Troyer, in similar fashion to 2022 when we won it all, continued his trudge toward the top w/another solid week & is now in 3rd alone, 2 games back. Lee Glaze, Tony Hubbard, Carolyn Klaege & Talmadge Tobias are all T4 & only 4 games back. 5 others rocketed into the Top 10 w/good weeks. They are David Rankin, Lyle Wescott, Chip Chase, Gerald Cox & Blane Russell. The Top 20 after Week 9 are:
