THE MANDALORIAN

Hunt for Immortality

Thank you for reading our MANDALORIAN fan fiction – and yes, we know that THE CHILD is not a clone. This story explores the lengths that PALPATINE will go to in order to manipulate science and dark magic to his twisted whims.

This comic book was crafted with the utmost respect and fanboy reverence for GEORGE LUCAS and the creators of the Mandalorian on Disney+, JON FAVREAU and DAVE FILONI. This was made for fun and offered for free, so be cool.
