

Levels of Consciousness: Actors - January 2022

The souls of actors.

Below are the average levels of consciousness (Dr David Hawkins' Scale of Consciousness from 0 - 1000) for various actors and performers, as at January 2022.

Levels of Consciousness: Actors - January 2022

Note how some actors have risen in consciousness and others appear to be stuck where they were in November 2021.

- Charlie Sheen 212
- Brad Pitt 1
- Clint Eastwood 322
- Denzel Washington (reading not possible)
- Ice Cube 217
- Jim Carrey 404
- Johnny Depp 2
- Keanu Reaves 368
- Leonardo di Caprio 1
- Michael Douglas 2
- Rob Schneider 242
- Robert De Niro 453
- Robert Downey Junior (reading not possible)
- Samuel L Jackson 1
- Tom Cruise 1

Please note that the reading for Denzel Washington that was not possible obtained the following results:

- *Levels of consciousness zero - negative*
- *Level of consciousness more than zero - negative.*

The reading for Robert Downey Junior that was not possible obtained the following results:

- *Levels of consciousness zero - weakly negative*
- *Level of consciousness more than zero - negative.*

We would typically see this kind of reading when the soul has left the body. However, since there have been no reports of the deaths of either Denzel Washington or Robert Downey Junior, we are completely flummoxed at this result.
