Levels of Consciousness: Actors - July 2023

This month, there are two notable changes. Johnny Depp's level of consciousness has jumped by 84 points to 314. Note that levels of consciousness are a logarithmic scale so that an increase of 80 is equivalent to an increase of 800 in light levels. Keanu Reeves has also experienced a similar increase of 76 points from 753 in May to 829 for this July issue.
