

Levels of Consciousness: Actors - May 2022

The souls of actors.

Below are the average levels of consciousness (Dr David Hawkins' Scale of Consciousness from 0 - 1000) for various actors and performers, as at May 2022.

Levels of Consciousness: Actors - May 2022

Note how some actors have significantly fallen in consciousness since our last edition.*

Rob Schneider was 393.

*Other actors have significantly increased***: Clint Eastwood was 330, Ice Cube was 614, Jim Carrey was 510, Keanu Reeves was 412.*

In the past 6 weeks, we have been observing a lot of dramatic changes up or down in the population as a whole; we don't yet know the reasons for this.

- Charlie Sheen 279
- Brad Pitt 0
- Clint Eastwood 418***
- Denzel Washington (reading not possible)
- Ice Cube 614***
- Jim Carrey 619***
- Johnny Depp 3
- Keanu Reaves 509***
- Leonardo di Caprio 1
- Michael Douglas (reading not possible)
- Rob Schneider 318*
- Robert De Niro 512
- Robert Downey Junior (reading not possible)
- Samuel L Jackson 2
- Tom Cruise 0

Please note that the readings that were not possible obtained the following results:

- *Levels of consciousness zero - negative*
- *Level of consciousness more than zero - negative.*
-

We would typically see this kind of reading when the soul has left the body. However, since there have been no reports of the deaths of either Denzel Washington, Michael Douglas or Robert Downey Junior, we are completely flummoxed at this result.
