

WHAT IS GARDEN FENG SHUI?

FENG SHUI IS BASICALLY THE ART OF LIVING IN HARMONY WITH THE EARTH, THE SOUL OF ALL THINGS LIVING, DYING AND RE-BORN... THIS PRACTICE GOES BACK MORE THAN 5,000 YEARS TO ANCIENT CHINA. THE MAIN PURPOSE OF FENG SHUI IS TO ATTRACT CHI, THE BENEFICIAL LIFE FORCE WHICH THEN IN TURN ATTRACTS PROPERTY, HEALTH AND HAPPINESS.

Feng Shui GARDEN BAGUA

GARDEN FUNG SHUI;

For me when I am in my clients, friends, family's gardens. I look not just at the garden but their way of life, age, children or relations living in the house. I then focus on what in my mind and through our past daily conversations what may be lacking and needs to be given additional strength, giving support to their personal processing of life.
