

School Field Trips Offered!

Conigliaro Industries, a Total Recycling Services Company, is pleased to offer Field Trip Tours to schoolchildren, boy scouts, girl scouts and other youth groups from across New England!

Are we a recycling processor? Are we a manufacturer? Are we a hauler? The answer is YES! We are all that and more!

See what Conigliaro Industries does with mattresses, mixed plastics, mixed glass and other difficult to recycle materials. See how we manufacture Boston's Best Patch (pot hole filler), Plas-Crete Wall Blocks, Tumbled Glass Aggregates, PolyCorn Packaging Peanuts and more from recycled feedstock. Students will be fascinated by just what can be recycled and how the recycling process looks and sounds – they'll see all types of grinders, shredders, balers, mixers and other equipment in action!

Now in its eighteenth year of operation, Conigliaro Industries currently serves 550 industrial, institutional and municipal customers including 42 school systems, 22 colleges and universities, 40 hospitals, 20 cities and towns, and 150 industrial plants. Conigliaro Industries recycles over 150 different plastic, metal, glass, rubber, wood, corrugated, paper, and textile materials. We're sure the students will enjoy the tour – what a great opportunity to learn about the recycling process!

Please contact Cynthia Conigliaro, Public Relations Manager, for information about tours. Cynthia may be reached by telephone at 617-347-6983 or email at cynthia@conigliaro.com.

Additional information about tours, as well as Conigliaro Industries, may be found at:

Conigliaro Industries is committed to helping students have exciting, informative and thought provoking experiences at our state-of-the-art recycling and manufacturing facility located in Framingham, Massachusetts. Please note: to help defray costs, there is an admission fee of \$10 per person. Tour hours run Monday thru Friday at 8, 9, 10 and 11am or 1 and 2 pm and will last roughly 1 hour. Students will all be required to wear appropriate footwear (no open-toed or high heeled shoes) and will be provide protective hardhats during the tour. In addition, all touring parties are expected to complete the appropriate Tour Agreement before touring the facility. The agreements can be found on our website by clicking the "Contact Us" button.
