

***VENDORS SELLING SUPPLEMENTS ARE REQUIRED TO DISPLAY A
VENDOR CERTIFICATE OF ANALYSIS (COA):***

To ensure the safety and quality of products being sold, we require all vendors to provide a ***Certificate of Analysis (COA)*** for their products.

Please follow these instructions to obtain and submit your COA:

1. Product Identification: Clearly label each product with its name and any relevant identifiers.

2. Contact Supplier: Reach out to your supplier or manufacturer to request a Certificate of Analysis for each product you intend to sell at the festival.

3. COA Requirements: Ensure that the COA includes the following information:

- Product name and batch/lot number.
- List of ingredients/components with their respective quantities.
- Testing results for potency, purity, contaminants (if applicable) & any other relevant quality parameters.
- Date of analysis and expiration date (if applicable).
- Laboratory information, incl. accreditation and contact details.

4. Review COA: Carefully review the COA to ensure it meets our requirements and accurately represents the quality and safety of your products.

5. Submit COA: Submit a COA for each product to the festival organizer no later than August 1, 2024 (georgiamushroomfestival@gmail.com).

6. Display Requirements: Display a copy of the COA for each product at your booth during the festival. This helps to build trust with customers and demonstrates your commitment to quality and transparency.

7. Keep COAs Accessible at your booth during the festival in case they are requested by customers, festival staff or regulatory authorities.
