Industrial Energy LLC of Florida and Engie Resources have consummated a Renewable Wind REC Supply agreement in the state of Florida, with the Institute of Contemporary Art, Miami (ICA Miami).

The Institute of Contemporary Art, Miami is an iconic art center in the heart of Miami, well known for its rich history. ICA Miami's facility is LEED Certified, and with the addition of electric supply from the Priddy Wind Project, ICA can now boast with certainty, zero carbon, scope 2 emissions, Green E Certified RECS. We look forward to a wonderful working relationship with the ICA and the great interest in Renewable Energy in the State of Florida.

*"The Institute of Contemporary Art, Miami (ICA Miami) is dedicated to promoting continuous experimentation in contemporary art, advancing new scholarship, and fostering the exchange of art and ideas throughout the Miami region and internationally. Through an energetic calendar of exhibitions and programs, and its collection, ICA Miami provides an important international platform for the work of local, emerging, and under-recognized artists, and advances the public appreciation and understanding of the most innovative art of our time. The museum is deeply committed to providing open, public access to artistic excellence by offering year-round free admission."* [ICA Miami](#)
