

SCPC NEWS

Day by day nothing seems to change, then suddenly, everything is different!

Last month, “everything was different”. We had exciting news to report with 8 permanent pickleball courts being included in Final Conceptual Site Plan for SPRD’s Community Center Park. This month it will appear that “nothing seems to change”. But... there is a lot happening behind the scenes.

Work continues finalizing the 25-year lease between SPRD and the Sisters School District for the Sisters Elementary School, soon to become the SPRD Community Center.

Pineview Tennis Club and SPRD continue refining the agreement terms on the previously offered donation for the 8 pickleball courts and a commitment from SPRD for the usage of those courts by SCPC Members.

Discussion continues regarding the sale of the Pineview Tennis Club property.

Discussion soon to begin with the Sisters School District seeking an agreement for use of the high school tennis courts for pickleball.
