

# Biography

*Tim Driver*

My name is Timothy Driver, Tim for short. I was born and raised in Gary IN, childhood home of Michael Jackson. My wife and I have been residing in Tampa Florida since March 2021. Currently I'm involved in the Tampa Junior Achievement program as a Junior Achievement Alum and the Tampa Rotary Club.

After graduating High School, I attended Purdue University, where I received my Bachelor of Science degree in Electrical and Computer Engineering. Afterwards, I've earned my Master of Science degree in Computer Science through Illinois Institute of Technology and my Master's Certificate in Project Management from George Washington University.

My personal achievements include being an outstanding award winning Entrepreneur, becoming a lifetime member of the National Black MBA Association; the National Society of Black Engineers, where I served as President of Research Triangle Park; Alpha Phi Alpha Fraternity Incorporated and the Purdue Black Alumni Association. I'm also an Ordained Elder.

I have over 20 years of experience and leadership in the High Tech and IT industry which includes working for many of the top corporations in the country including Motorola, Hewlett-Packard, Lucent Technologies/AT&T, IBM, Microsoft, Capital One, Discover Financial Services and Salesforce. Working for these companies combined, I've have over 25 years of experience and a consistently strong track record in business development, agile transformation, program/project delivery and change management.

Unbeknownst during my career, I found myself helping others with work and life problems which lead me to pursue my Professional Coach Certification, and ultimately start my own Life Coaching business, New Directions Transformation Life Coaching where I use my knowledge, skills and experience to provide invaluable coaching to my clients to help overcome adversity in order to achieve their goals.

In my spare time, I enjoy working out, camping, watching movies, dancing, theatre and international travel. I wind down by playing video games and listening to music.
