TABERNACLES

Over 350 people enjoyed Texas Tabernacles. We are still processing all the awesome things that God let happen, we will be posting more about it in the days to come but here are what others are saying.

"I have been keeping Sukkot for over 30 years and this is by far my favorite."

"Thank you for having something for older singles, we are so often forgotten."

"Idle youth so often get into trouble. Thank you for having constant programs and activities so they can participate and enjoy Sukkot too."

"As a single mother getting to have the mornings free to worship and learn and know my kids were safe and having fun was such a blessing to me."

"This was my first Sukkot. I have been looking for people to keep the feast with for 17 years, I found my people."

"I can't wait for next year. I am telling my whole congregation to come."
